MET GOMEZ IN THE JUNGLES OF CUBA.

The Post-Dispatch and World Commission Conveys the Insurgent Commander's Dispatches to President McKinley.

Special Cable to the Post-Dispatch.

Copyright by the Press Publishing Company, 1898.

KEY WEST, Fla., May 10.—"I want to express to the 70,000,000 of American people my gratitude for what they have done for poor, suffering Cuba, by recognizing her independence," said Gen. Maximo Gomez, when the Post-Dispatch-World commission reached him in the jungles of Cuba. "The news is the most welcome I have heard since the war begun. Cuba will be a sister to all of the republics of America, but she will always be a daughter of the United States. We can never forget that we owe our existence as a nation to the United States.

"I have always said," Gen. Gomez continued, "that the United States had really no just ground for war with Spain until after the Spaniards blew up the Maine.

"You Americans make a great mistake if you think that you can drive Spain off this island within a short time. It will take six months, at least, perhaps longer. No one knows better than I the ability of the Spaniards as fighters.

"Do you want American infantry to help the Cubans?" the correspondent asked.

"We don't want them now; perhaps we shall later on, but certainly not at present.

"When the rainy season is beginning, as it is at present, American soldiers would die of fever as fast as the Spaniards have done.

"Then, after all, what do we want of American soldiers, anyway? If the Americans will only take the seaports the Cubans can take care of the rest—if they only have the necessary arms and ammunition.

"That is what we want from the United States—ammunition, not men.

"I am ready to change my mode of warfare. There will soon be a union of my forces with those of Gen. Calixto Garcia, and we expect to have some pitched battles with the Spanish. We shall probably move westward toward Havana in the near future, but none of this can be accomplished until we have ammunition. Tell the Americans to send us ammunition."

Gen. Gomez's views regarding the landing of American troops are not shared by many of his officers. The majority of them told the commission that they would welcome American infantry as they would Cubans.

Next to Gomez himself, perhaps the best informed man in the camp is Col. Barnabe Bolan, Chief of Staff.

"The Cuban army now numbers 35,000 men," he said. "With sufficient arms and ammunition it would number double that. Ten thousand of these troops are with Garcia in Oriente. That part is practically free. We can continue the kind of warfare we are waging now against Sapin for the next 20 years, but we have become awfully tired of it. We want to go into the open and fight. We want to drive Spain away forever. Send us some ammunition and soldiers to lead the way and we will follow."

Reveille on Saturday morning was the hour set for the departure of the commission. As saddle girths were being adjusted, Gomez sent for me.

"Here is a package of letters to President McKinley and the members of his Cabinet. They contain my official reply to the independence resolution. Will you see that they are personally delivered to the men to whom they are addressd?"

The Post-Dispatch-World Commission, of course, undertook the task, and now, in an old leather cartridge box, the package of letters is on its way northward, swung over the shoulders of a Post-Dispatch-World correspondent.

Another long, weary ride, on a tired pony, and the commission, with a detail of 10 cavalrymen, was on the coast again, at a point where a United States torpedo boat was to call for them. In spite of a forced march, we were three days later than the first of the six days agreed upon for our arrival, and we missed the Porter by one day. There we remained for three days more. We were tired, footsore and hungry. Food was scarce.

THE EFFECTIVE FORCE UNDER GOMEZ.

KEY WEST, May 10.

A newspaper correspondent who visited the camp of Gomez says that the insurgents have now about 3500 men in the vicinity of Gomez's camp—that is, within a radius of 30 miles. The best troops east of the Jucaro-Moron trocha are the division commanded by Gen. Gonzalez. He has 800 infantry, who are well armed and disciplined. One company is armed with Mauser rifles which were captured from the Spanish. For these rifles there is but a small supply of ammunition. The other companies are armed with the long Remington, which throws a bullet of 43-caliber. This is the weapon in common use among the insurgents.

Gomez's immediate command consists of a body guard of 150 cavalry and 75 infantry, under command of Maj. Jose Desrampes. Desrampes is an American from New Orleans and a good artillerist. This force of 3500 is all that are in fighting shape just at present, but if there were arms and equipments it could be swelled to probably 30,000.

FITTING OUT AN EXPEDITION TO MANILA

Special to the Post-Dispatch.

WASHINGTON, May 10.—Every possible effort is being made by the Government to hasten the departure of the 5000 troops to reinforce Admiral Dewey at Manila. Just as soon as the arrangements can be completed, the troops will be placed on transports at San Francisco and, accompanied by the Charleston and a supply ship, will sail for Manila. The Government is in hopes that the expedition will be able to proceed next Thursday.

The rumor that Gen. B. F. Tracey is to be appointed Military Governor of Manila lacks confirmation. It is believed that Admiral Dewey will perform all the functions of a Military Governor.

OUR SHIPS REPORTED IN QUEER STATE.

PORT AU PRINCE, Hayti, May 10.—The Minister of the Interior has received a dispatch from Mole St. Nicholas saying that two American warships are there and that a Spanish vessel is watching outside. The announcements are not fully credited.

Special to the Post-Dispatch.

WASHINGTON, May 10.—The Cabinet meeting this morning resolved itself into a council of war. The President and his Cabinet to-day decided to take decisive steps to put an end to the war. Orders have already been issued for the concentration of troops at Tampa and Key West. The intention is to mobilize from 60,000 to 75,000 men at these two points within the next ten days. At the expiration of this time, and sooner if it is deemed advisable, the army of invasion will be landed upon the island and Havana will be attacked from front and rear.

Secretaries Long and Alger this morning were directed by the President to immediately proceed with the securing of transport vessels, and it is believed that this will be done within the next two or three days. The landing of troops in Cuba, it can be stated on the authority of a Cabinet officer, will not be delayed for more than ten days, and unless unforeseen circumstances arise it will be accomplished much earlier.

Assistant Secretary Meiklejohn to-day chartered about 30 ships, with capacity of 25,000 men. They are to be used to convey troops to Cuba and the Philippines.

WASHINGTON, May 10.—Gen. Miles and his entire staff will leave Washington to-night for Tampa, Fla., to accompany the first military expedition to Cuba, unless present plans are changed, as soon as Gen. Miles arrives there. The General will take command of the army. Those who will accompany him are Col. Mauss, Col. Michler, Maj. Osgood, Dr. Greenleaf, Capt. Sieben, Col. Gilmore and Capt. Scott. The other members of Gen. Miles' staff will follow to-morrow. It may be stated with positiveness that the policy of the administration from now on will be most aggressive. Decisive blows will be struck at the enemy wherever the opportunity affords.

CHATTANOOGA, Tenn., May 10.—The entire army stationed at Chickamauga Park has been ordered to the front. The First and Tenth Cavalry go to New Orleans, the Second Cavalry to Mobile, the Third and Sixth to Tampa. The entire infantry goes to Tampa. Movement begins to-day.

SPAIN'S FLEET SAID TO HAVE GONE HOME.

WASHINGTON, May 10.—News has just reached the Navy Department that the Spanish Cape Verde fleet has arrived at Cadiz. This is the fleet for which Admiral Sampson has been cruising. If it is true that the Spaniards have returned to Spain, Sampson will take Porto Rico, and when that task is completed, a concerted movement will be made on Havana, by land and sea.

Adjutant-General Corbin said that 20,000 will be landed in Cuba before Saturday night.

MISSOURI TROOPS WILL GO DIRECT TO THE GULF.

WASHINGTON, May 10.—Important orders have been sent from the War Department affecting Missouri troops. Those ordered to Chickamauga will instead go direct to gulf points.

MONTEJO REPORTED KILLED BY THE POPULACE.

LONDON, May 10.—A special dispatch from Shanghai says that it is reported there that Admiral Montejo, the commander of the Spanish fleet, who escaped from Cavite by running along the shore to Manila with his two sons, was killed by the populace of the latter place.

The hospital of San Roque, filled with Spanish soldiers, was set on fire by shells from the Boston.

Massacres are reported to have occurred outside of Manila, the insurgents butchering even the Spanish women and children.

MOVEMENTS OF THE OREGON.

LONDON, May 10.—Lloyd's agent at Bahia, Brazil cables: "It is reported that two American warships entered here, cause unknown, at 10 p. m. on the 9th and proceeded at midnight."

The warships referred to are probably the battleship Oregon and gunboat Marietta. The former arrived at Bahia on Monday last, May 9. The Marietta was probably with her, but was not so reported. No direct news from Bahia has been received since.

BLANCO IS SHORT OF PROVISIONS.

MADRID, May 10.—Captain-General Blanco has cabled an urgent request for a considerable supply of provisions.

CABLE CAR RUNS AWAY.

Three Men Are Killed and Six Injured at Thacker, W. Va.

THACKER, W. Va., May 10.—Leander Small, Joseph Morris and William Hardy were killed and six others were injured today by a cable breaking and the car dashing down an incline.

WAR SIGNAL CORPS WILL BE ESTABLISHED.

WASHINGTON, May 10.—In the Senate to-day Mr. Carter favorably reported and secured the passage of a bill providing for a volunteer signal corps for the existing war.

THE FIRST SOLDIERS TO GO TO CUBA.

Two Companies of the 1st Infantry May Sail To-Night From Tampa to the Island.

TAMPA, Fla., May 10.—The steamer Gussie, which was expected to sail last night with a cargo of arms, ammunition and supplies for the equipment of the Cuban insurgents, is still at Port Tampa. Plans in regard to her departure were changed at the last moment, and just when she will depart is rather uncertain, although it is considered probable orders to sail will be given before nightfall. To two companies of the 1st Infantry falls the honor of being the first to embark for Cuba. They are Companies E and G, with Capts. J. J. O'Connell and N. P. Phister in command. The command of the United States troops at Tampa was to-day formally turned over to Major-General John F. Wade by Major-General Shafter, in conformity w the orders received yesterday from Washington. It is stated on good authori however, that no change in the plans as regards the movement of troops from tl point toward Cuba are contemplated. Gen. Shafter, it is said, will be in comma of the army on Cuban soil and will direct the campaign against Havana.

LIVELY PACE SET AT CHICKAMAUGA.

CHATTANOOGA, Tenn., May 10.—At Chickamauga to-day officers and men of the regular army regiments are rushing as they have not been called upon to do since the days of the civil war. The order for the entire army to pack up and go to the front at once was announced at 9 o'clock and since then things have been moving at a tremendous pace. The railroad men have been running all available cars to the park and as rapidly as they arrive they are loaded with the camp equipment, horses and supplies.

The work of moving the big command during the next few days, as they are expected to do, is an immense job for the railroads. They had received no intimation of the sudden orders and had made no adequate preparations. The two lines to Tampa, the Southern and the Western & Atlantic, are doing everything possible, but the indications are now that the first troops will not get out before to-morrow morning. The first out will probably be the infantry division, composed of the 2d, 7th, 8th, 16th and 12th Regiments. Five hundred passenger coaches to carry the men to Tampa will be available to-night.

Col. Sheridan of Gen. Brooke's staff, speaking for the General at noon to-day, said:

"The order does not say rush to the front; it simply instructs us to get there as soon as we conveniently can. Of course we will move as rapidly as possible, but it will possibly be several days before all are out. There are 6000 men with hundreds of horses and a large amount of equipment in the park and the whole business cannot be moved within a few hours."

Col. Sheridan refused to give any opinion about what the order meant.

The majority of the officers, however, do not hesitate in saying that it means they will land in Cuba as soon as they can get there.

Besides the infantry division, the 3d and 6th Cavalry go to Tampa.

The 2d Cavalry will go to Mobile and the 1st and 10th Cavalry to New Orleans. All the artillery was sent out several days ago.

MANILA IN PANIC, FEARING REBELS.

Special Cable Dispatch from the Post-Dispatch's Correspondent on the Japanese Island of Formosa.

Copyright by the Press Publishing Company, 1898.

TAIPEH, Capitol of Formosa, May 10.—Manilla is reported to be in a panic. The Spaniards in the city are completely surrounded by enemies.

In front is the victorious American fleet under Admiral Dewey, which has wiped out the Spanish fleet, destroyed the forts at Cavite besides those at the entrance to t bay, and has threatened to shell the city at the first sign of further hostilities.

In the rear on the land side are the native insurgents, impatient to wreak reven upon the Spanish for 300 years of tyranny and torture.

The rebels are unorganized and undisciplined, armed with a miscellaneous lot weapons, and are a mob rather than a military force.

But Gen. Aguinaldo, the chief whom they idolize, has promised the American co mander that the natives shall not commit atrocities when the Philippine capital captured.

The surrender of the city was expected hourly when the ship bringing the ne of Admiral Dewey's remarkable triumph sailed from Manila.

The foregoing dispatch is further evidence of the thorough preparations made b the Post-Dispatch to get the news from Manila.

Formosa is now a part of the Japanese Empire, having been taken from China aft the war.

Taipeh, the capital, in the north of the island, is about 700 miles from Manila.

AMERICA SHOULD HOLD THE ISLAND

Special Cable to the Post-Dispatch.

Copyright by the Press Publishing Company, 1898.

ROME, May 10.—Guido Bacelli, the celebrated statesman and the co Premier, interviewed for the Post-Dispatch, said:

"America should keep the Philippines, first, because from the standpoint ternational law she has the right of conquest, and, secondly, from the standpoi policy. The United States is the only power which can now have them.

"If ceded to England it would be considered by Russia and Germany as a casus belli, as destroying the equilibrium in the far East. The powers, therefore, in their heart of hearts, hope that America will keep the Philippines, as she is the only power capable of guaranteeing their neutrality, and is not suspected of designs of territorial aggrandizement. The present is America's heaven-sent opportunity."

DEWEY'S TROUBLES THICKEN.

HONG KONG, May 10.—Rear Admiral Dewey, it is said, here, finds th insurgents growing dangerous. He cannot control them nor can he enable Spaniards to do so.

ULY WHEAT GOES UP, THEN DOWN.

losing Price Is $1.14, After a Fluctuation of 19 Cents, the Top Notch Being $1.25, While May Steadily Advances to $1.85.

CHICAGO, May 10.—A tremendous temporary slump in the price of July heat occurred late to-day. The fall amounted to 19 cents a bushel. From $1.25, e quotation for July, the chief option, it fell to $1.06. However, there was a big ebound, and the closing price was $1.14.

The May option touched $1.85, the topmost figure yet. Opening quotations for uly were 2 1-4@3 1-4c below yesterday's close. From $1.17@1.18 at the start the market declined on four quotations to $1.16 1-4. After that offerings diminished and buying orders were executed with great difficulty. The market rallied to $1.19, fell back to $1.18 1-8, touched $1.19 and reacted again to $1.18 1-4. Then by jumps of halves and cents July rushed up to $1.25, fell back a fraction, touched $1.25 the second time and in less than one minute had fallen to $1.20. A reaction followed to $1.23.

Trade was limited and a very apprehensive feeling obtains among commission houses, owing to wild fluctuations and the impossibility of limiting losses. Opening quotations from Liverpool showed advances of 1¾@5¾d. This did not come up to expectations and caused the opening decline here. Liverpool cables at 2:30 p. m. showed that market to be in a very wild condition, with declines of 1-4@5d, the latter on May, compared with yesterday's close. May wheat here opened steady at $1.75, sold at $1.73, but recovered and later touched $1.85.

It was a market seldom equaled for wildness even in war times. When scarcity of offerings had pushed the July figures up to $1.25, there appeared to come an impulse on the part of the holders to take profits. Liquidation did not cease till the decline resulting from the sales had carried the market back to $1.06. The worst of the break was in the last half hour of trading. Foreigners were said to have been among the largest takers of profits. Accelerating the break was a cablegram saying that bakers and millers took no wheat at Liverpool and that India would decrease its shipments.

The close was: Wheat—May, $1.85; July, $1.14; Sept., 90 1-4c; Dec., 85¾c. Corn—May, 35 1-4c; July, 35 5-8c; Sept., 36 1-4c. Oats—May, 31c; July, 27 1-8c; Sept., 24c. Pork—May, $10.85; July, $11.07. Lard—May, $5.87½; July, $5.90; Sept., $5.97½@6.00. Ribs—May, $5.55; July, $5.60; Sept., $5.67½.

Barley—Cash No. 3, 44c to 52c. Rye—Cash, 69c; May, 68c; June, 68c; July, 65c. Flax—Cash, $1.37½; Northwest, $1.37½; May, $1.37½; Sept., $1.22½. Timothy—May, $2.80.

CATHOLIC POSITION IS DEFINED BY ADDRESS.

Archbishops Issue a Circular to Be Read In All Churches In the United States Directing Prayers by Priests and Laity for American Victory.

WASHINGTON, May 10.—The Archbishops of the Catholic Church in the United States have agreed upon a letter addressed to the clergy and laity of the country. The letter bears on the war with Spain, and will be read in all the churches on Sunday. It is indorsed by Mgr. Martinelli, the apostolic delegate, and is as follows:

o the Clergy and Laity of the Catholic Church of the United States, greeting:

"The events that have succeeded the blowing up of the battleship Maine and e sacrifice of 266 innocent victims, the patriotic seamen of the United States, have lminated in war with Spain and our own beloved country.

"Whatever may have been the individual opinions of Americans prior to the eclaration of war, there can now be no two opinions as to the duty or the loyalty of Americans.

"A resort to arms was determined upon by the Chief Executive of the nation, with the advice of both houses of Congress, and after consultation with his Cabinet officers, but not until every effort had been exhausted to bring about an honorable and peaceful solution of our difficulties with Spain. The patient calmness, the dignified forbearance, the subdued firmness of President McKinley during the trying time that intervened between the destruction of the Maine and the declaration are beyond all praise and should command the admiration of every true American. We, the members of the Catholic Church, are true Americans, and as such are loyal to our country and our flag and obedient in the highest degree to the supreme authority of the nation.

"We are not now engaged in a war of section against section or State against State, but we are united as one man against a foreign enemy and a common foe. If, as we are taught by our holy church, love of country is next to love of God, a duty imposed on us by all laws, human and divine, then it is our duty to labor and to pray for the temporal and spiritual well being of the brave soldiers who are battling for our beloved country. Let us faithfully beg the god of battles to crown their arms on land and sea with victory and triumph, and to stay unnecessary effusion of blood and speedily to restore peace to our beloved land and people.

"To this end we direct that on and after the receipt of this circular and until the close of this war every priest shall, in his daily mass, pray for the restoration of peace by the glorious victory for our flag. We also direct that prayers for the brave soldiers and sailors that fall in battle be said every day after mass. These prayers shall be said aloud with the people and shall be one Our Father and one Hail Mary and the De Profundis.

"We pray that God may bless and preserve our country in this great crisis and speedily bring victory, honor and peace to all our people."

SCHLEY MAY GO TO SPAIN'S SHORES.

Special to the Post-Dispatch.

WASHINGTON, May 10.—There is considerable talk to-day among high officials calling at the White House of sending Commodore Schley's Flying Squadron to Spanish shores for the purpose of annoying Spain and at the same time of ascertaining the whereabouts of the Spanish fleet. Nothing of this kind has been efinitely arranged, but is under serious consideration. A few days will be given to d out if the Spanish fleet is near Porto Rico. If it is not found there Schley may ordered forward at once.

ALIENISTS IN SESSION

AMERICAN MEDICO-PSYCHOLOGICAL ASSOCIATION MEETS AT THE SOUTHERN.

FIFTY-FOURTH CONVENTION.

Eminent Neurologists From All Parts of the United States and Canada in Attendance.

The American Medico-Psychological Association met in fifty-fourth annual session Tuesday morning in the parlors of the Southern Hotel.

The delegates represented alienists and neurologists from every part of the United States. Canada also sent half a dozen physicians and is further represented by Dr. R. M. Bucke of Ontario, the association's president.

The Reception Committee, composed of Drs. C. H. Hughes, A. R. Kieffer, Charles H. Powell, Otto Sutter, H. H. Mudd, H. Tuholske, A. V. L. Brokaw, Pinckney French, F. R. Fry, I. N. Love, Runge, Fleming Booth and Roy M. Hughes, had its hands full early Tuesday morning receiving and caring for belated guests. The decision that the sessions should be open to the public brought a crowd of city physicians and neurologists to the hotel and half an hour before Dr. Bucke called the delegates to order the room was filled.

DR. CHARLES H. HUGHES.

Gov. Stephens was down for the opening address of welcome, but important business detained him at Jefferson City and a telegraphed message was substituted.

Mayor Ziegenhein welcomed the visitors on behalf of the city, wishing them a session of the greatest pleasure as well as the greatest benefit.

Mr. Max C. Starkloff as Commissioner of Public Health, in a neat speech, greeted the association on behalf of the Health Department.

Dr. Hughes, as spokesman for the medical profession, extended all the heartiest welcome and pledged the city to put forth its best efforts to give his distinguished colleagues a royal visit.

Dr. Bucke responded briefly for the association, paying a delicate compliment to St. Louis' proverbial hospitality.

These felicitations occupied the entire time set for the morning session and it was noon before the president's address was made. Dr. Bucke's paper was wholly professional in letter and tenor. He reviewed the history of the association and the work of his administration, briefly touched upon the most important recent scientific discoveries and outlined the course that a successful alienist and neurologist must pursue.

The afternoon session began at 3 p. m. The following papers were read: "Insanity Defined on the Basis of Disease," by Dr. C. H. Hughes, St. Louis; "The Scientific Border Line Between Sanity and Insanity," by Dr. E. C. Runge, St. Louis; "The Nerve Cell Changes in Somatic Diseases," by Dr. Aug. Hoch, Waverly, Mass.; "A Short Study in Psychic Phenomena," by Dr. H. E. Eyman, Cleveland, O.; "The Lesson Taught by a Few Hard Cases," by Dr. W. E. Dodd, White Plains, N. Y.; "The Judicious Training of Neurotic Children an Aid to the Prophylaxis of Insanity," by Dr. D. R. Brower of Chicago; "The Etiology and Pathology of Disease of the Lungs Among the Insane," by Dr. H. A. Tomlinson of St. Peter, Minn.; "Does the Loco Weed Produce Insanity?" by Dr. C. W. Pilgrim, Poughkeepsie, N. Y.; "Thyroids in Insanity," by Dr. B. W. Stone, Nashville, Tenn.

Three sessions will be held daily until Friday evening. The present officers are Dr. R. M. Bucke, president; Henry M. Hurd, vice-president; C. B. Burr, secretary and treasurer; P. L. Murphy and S. B. Lyon, auditors.

BE A SOLDIER OR GO TO JAIL

If Uncle Sam Won't Have Gauen Judge Murphy'll Get Him.

Arthur Gauen has special reason for desiring to fight for Uncle Sam. He has an application for enlistment pending.

Meanwhile he has a petit larceny case pending against him in Judge Murphy's court. Gauen stole three pairs of trousers from the Schmit & Schroeder clothing firm, it is alleged. The complainants have agreed to drop the prosecution if Gauen is accepted as a soldier. Otherwise, the prosecution will proceed.

The case has been continued until Friday with the expectation that Gauen's army application may be passed upon by that time.

MUST PAY THE BOND.

Judgement Entered Against Ed Butler and George Pendergrast.

Judge Valliant of the Circuit Court entered a judgment Tuesday afternoon for $4000 against Edward Butler and George Pendergrast, sureties on the bond of the late Joseph H. Tiernan.

Tiernan was secretary of the Security Building and Loan Co., and when he died his affairs were found to be in bad shape. His sureties consented to the judgment entered by Judge Valliant.

ALLEGED COUNTERFEITERS.

Two Men Arrested and Turned Over to the Government.

Fred Eckman and Chas. Hutchins, rooming at 1719 Market street, were arrested Tuesday afternoon on complaint of Mrs. Ridgeway, keeper of the rooming house named, who alleges they passed a counterfeit dollar on her. The police investigated and after arresting the men turned them over to the Federal authorities on a charge of counterfeiting.

BARCLAY AS SPECIAL JUDGE.

Appointed by the Court of Appeals to Hear a Case.

Judge Barclay was appointed by the Court of Appeals Tuesday afternoon as special judge to try the case of Triplett against Montgomery. This is a suit involving the ownership of a mowing machine. It was originally tried by Judge Bland, which disqualified him from sitting when it came to the Court of Appeals, and Judges Bond and Biggs were unable to agree.

SUICIDE IDENTIFIED.

BODY FOUND ON BACON STREET THAT OF THEODORE SCHALK OF EAST ST. LOUIS.

A WIFE'S PAINFUL MISTAKE.

Mrs. Henry Cooper Identified the Body as That of Her Husband and Fell in a Faint.

The body of the man found dead in the rear of 3018 Bacon street Monday morning, with a bullet hole in his head and another over his heart, has been identified.

Julius Durand, employed at the Phoenix Planing Mill, Twelfth and Spruce streets, called at the Morgue Tuesday morning, and after viewing the body said it was that of Theodore Schalk, a tailor of East St. Louis. He knew the man well and said he could not be mistaken. The articles found on the dead man indicated that he was a tailor. Later another man, who refused to give his name, identified the body as that of Schalk.

Schalk's wife and two children live on Seventh street between St. Clair and Pennsylvania avenues, East St. Louis. He lived apart from them at 118 North Fourth street. He disappeared from his home Friday. He had been despondent for some time. The Coroner now inclines to the theory of suicide.

Mrs. Henry Cooper of 821 North Twenty-first street was the victim of a painful mistake shortly before the body was identified. She entered the Morgue, and after one glance at the body exclaimed, "My God, it's my husband," and swooned away. She would have fallen but that Morgue Superintendent Mack caught her.

On being revived Mrs. Cooper viewed the body again, and discovered that she was mistaken. Her husband has been missing since Thursday and in several respects his description tallies closely with that of the dead man.

A BOY CORRESPONDENT.

F. La Guardia, Aged 14, Will Write for the Post-Dispatch.

F. La Guardia, 14 years old, the lad who sounded the fire call at Jefferson Barracks Saturday night, running into a burning building to procure his cornet, is going to Mobile with the troops, Wednesday, and will write for the Post-Dispatch.

He is a son of Bandmaster La Guardia of the 11th United States Infantry, and popular throughout the West as a cornetist. He has been through Europe, and as far as Alexandria in Egypt, and in every State in the Union except Washington and Oregon.

The lad was born in New York City in 1884, was brought to St. Louis when only one month old, and is proud of the fact, as he quaintly expresses it, that he "learned to walk on the sidewalks of St. Louis."

F. LA GUARDIA.

His ability as a writer has been well developed by two years of correspondence for the Arizona newspapers, and his letters will be of peculiar interest to the Post-Dispatch.

Here is a bright, well-educated American boy, familiar with the troops and the camps of the world, born and reared among soldiers, going to war as a cornetist in the regular army. What he will see he is able to tell in picturesque language, and describe with all the enthusiasm and alertness of a boy.

His letters to the Post-Dispatch will constitute a new feature of war correspondence, and all boys, as well as the girls, and many children of a larger growth, will look with eagerness for the La Guardia letters.

BURNED AND TURNED ADRIFT.

Fourteen-Year-Old Girl Found Wandering About in a Terrible Condition.

Alice Meyers, 14 years old, is at the City Hospital, seriously burned about the feet and legs. She was found Monday afternoon by John Nyflot, 7311 Florissant avenue, wandering about on Tracy road.

Nyflot questioned the girl and was told that she received her injury while boiling grease for a farmer's family living south of Carondelet.

"I am here because I have no other place to go," said the girl. Nyflot took her to his home, subsequently sending her to the hospital.

JOHN MURRANS MISSING.

Went Fishing on Sunday and Did Not Return Home.

John Murrans of 1904 South Eleventh street went on a fishing trip Sunday to Cahokia, Ill., and failed to return to his home. His wife says she fears that he may have fallen in one of the lakes and been drowned. He is described as 30 years old, sandy hair and mustache, 5 feet 11 inches tall and medium build.

WHY PULLUM WAS PULLED.

A Traveler Says He Stole His Valise, but Can't Wait to Prosecute.

Arthur Pullum, a dapper young man who claims to be a recent arrival from Kansas City, was arrested at Union Station by Detectives King and Howard Tuesday morning on the charge of stealing a valise from Robert Hardy of Hot Springs.

As Hardy declined to remain in the city long enough to prosecute, the prisoner will be sent to police court to answer the charge of idling.

He Should Not Have Been There.

William A. Randall, a stranger from Omaha, Neb., reported to the Central District Station last night that he was robbed of $17 in the house of Ida Mosby, colored, 1331 Pine street. Frankie Johnson, Ida Mosby and Willie Myer, inmates of the house, were arrested and locked up at the Central station.

FILLEY FOR CONGRESS.

A POLITICAL POSSIBILITY THAT IS NOW TALKED OF IN TOWN.

HISTORY WOULD REPEAT.

Man of the Mosque Intimates What He Might Do in Desperation Against Kerens.

Chauncey I. Filley for Congress!

This is the latest bit of political gossip that is floating about.

It is said that certain words uttered by Mr. Filley recently give ground for the belief that if he finds that his candidate in the Twelfth District loses the nomination he will enter the race as an independent candidate, just for the sake of beating the Kerens candidate, who, from present appearances, will be Maj. Charles E. Pearce.

Mr. Filley did this once before in the mayoralty campaign, in which Ewing was a candidate. He entered the race as an independent candidate and succeeded in beating Ewing and electing E. A. Noonan, the Democratic candidate.

Three men are under discussion as candidates of the Filley wing. They are Charles Nagel, Hiram Lloyd and Max Kotany, the broker.

The Foerstel committee held a conference with Mr. Filley at the Merchants' League Club Monday night. The conference lasted until 11 o'clock, but the members claimed they were merely discussing campaign plans and formulating a set of resolutions to be presented to a meeting to be held at Druid's Hall Tuesday night.

The primaries will be held Friday, May 13. The Pearce followers promise him a walkover.

Frank E. Richey, the Populist leader, denounces as a dirty trick the advertisement inserted in a morning paper signed Andrew F. Browne, announcing that he will speak at a Republican meeting at Fraternal Hall Thursday night. He says the announcement is wholly unauthorized and was made without his knowledge.

"I am a Populist," he said, "and I have nothing to do with Republican meetings. This is a dirty trick."

FLAG OF ELECTRIC LIGHTS.

First of Its Kind to Be Erected at the Union Depot Power House.

In evidence of their patriotism the Union Depot Railway Co., through their Vice-President and General Manager, Harry Scullin, will, Tuesday night, spread to the breeze a flag the like of which has never been seen before. It will be swung between the two immense smoke-stacks of the Union Depot powerhouse at Geyer and Jefferson avenues, 165 feet from the ground. Not a single piece of silk or cloth of any kind has been used in the construction of the flag. It is made out of woven wire and electric lights. The stars and stripes are in red and white and the field in blue. In size the flag is 20 feet long and 10 feet wide, and when lighted up to-night it will create a sensation in the South End.

The idea originated with C. P. Gregory, purchasing agent of the Union Depot Railway Co., and is the first flag of its kind ever made.

The Union Depot Co. has promised to reinstate all its men who left for the war on their return, and the flag is a second evidence of the patriotism of the company's vice-president, Harry Scullin.

The Missouri District Conference of the German Evangelical Synod adjourned after four days' session Monday night. At the afternoon session reports of home and foreign missions were discussed and it was decided to organize two English Evangelical Churches in St. Louis. Rev. G. Bode of Fulton and Rev. J. Neumann were admitted to membership. The conference adjourned by the members singing "America" in concert, in lieu of the usual doxology.

MUST NOT TALK OF WAR.

Postoffice Authorities Forbidden to Give Information.

Postmaster Carlisle received a telegram from Postmaster-General Emory Smith, Tuesday morning, stating that the following general order had just been issued:

> All officers and employes of the Postoffice Department are hereby forbidden to furnish information pertaining to or in any way bearing upon the conduct of the war to any person or persons not connected with the department, or to any newspaper or other publication unless authorized to do so by the head of the department.

This order was made for the purpose of preventing postmasters from giving information in regard to suspicious letters passing through their offices. Such information, it is thought, may in some instances be incorrect and in others prejudicial to the interests of the Government.

CHANGES MADE IN TROOPS' DESTINATIONS.

WASHINGTON, May 10.—Changes in the central mobilization points of the volunteers from those announced by the War Department yesterday already have been made in a number of cases. These have been made necessary for several reasons, the main one being the decision reached to begin at once an active campaign in Cuba and to send troops to the Philippines.

The troops from Montana, said Senator Carter who was at the War Department this morning, would be assigned to proceed promptly to San Francisco for passage to Manila. There is a full regiment of 960 men, fully equipped and ready for service. It is said also that the regiment of infantry from Colorado will in all probability be ordered to the Philippines.

Russell Harrison, who has been looking after the interests of the Indiana National Guard for the War Department, received a dispatch from the military secretary of Gov. Mount saying that two regiments of infantry and two batteries were fully equipped and ready to move. Mr. Harrison says this is the best record shown by any State. From Gov. Mount came a dispatch saying:

"Any assignment of Indiana troops by the War Department will have my approval. They are willing to go and I am willing they should go where they can do the most good. Our quota is in first-class condition."

Mr. Harrison says that two regiments of Indiana troops and the light battery which were ordered to Chickamauga will go instead to New Orleans.

Read What CUTICURA REMEDIES Have Done for Skin-Tortured Babies.

My little sister (Annie Matthews, La Plata, Charles County, Md.) had the cow-pox, when only seven years old. She suffered terribly, and everything we tried did no good. Every time her clothes were taken off, every bit of scab would come with them; she was raw all over. One box of CUTICURA (ointment) and a cake of CUTICURA SOAP, *cured her in three weeks.* Mrs. ELIZA ROYE,

My niece's little baby, two years old, was so badly afflicted with Eczema that he needed constant watching. His face was always full of large sores which he scratched constantly. Mornings, his clothes, face and hands were stained with blood. They had medical treatment, and tried everything. She commenced CUTICURA REMEDIES. The sores left his face and *he was entirely cured.* Mrs. L. J. ROOT,

Babies on fire, babies burning up, babies in agony from torturing and disfiguring, itching and burning, skin and scalp diseases. None but mothers realize how they suffer. To know that a warm bath with CUTICURA SOAP, and a single anointing with CUTICURA, purest of emollient skin cures, will afford instant relief, permit rest and sleep, and point to a speedy cure, and not to use them is to fail in your duty. Think of the years of suffering entailed by such neglect. Cures made in childhood are speedy, permanent, and economical.

DUMMIES MAY BE RETAINED.

Double Delegations Have Not Been Withdrawn.

VALLIANT MEN INDIGNANT AT THE ELECTION BOARD.

EX-GOV. STONE DECLARES THEY HAVE POWER TO WITHDRAW DUMMIES.

MARSHALL FORCES HAVE MADE NO MOVE YET.

Threats of Appeal to the Courts or Else to the State Convention When Assembled at Springfield.

Judge Valliant's supporters have not decided upon a course of action following the decision of the Election Commissioners overruling their objection to the duplicate delegations filed by the Marshall men.

There are vague hints of a resort to the courts to compel the Election Commissioners, either by injunction or mandamus, to nullify the effect of the dummy delegations.

It is certain that if the courts are not appealed to the Valliant delegates will enter a protest at the State Convenion, asking the convention to ignore delegates elected under the duplicate system.

Judge John M. Wood, Jas. C. Jones and ex-Gov. Wm. J. Stone, all Valliant adherents, are emphatic in their denunciation of the duplicate delegation plan and the action of the commissioners in allowing it to stand.

So far no movement to pull off the independent delegations has shown itself, beyond the statement of Secretary Lew Guion, Monday, that they would probably be pulled off. Tuesday Mr. Guion said he knew nothing about what action would be taken.

Ex-Gov. William J. Stone discussed the question, Tuesday morning. He thinks it is the duty of the Commissioners to render of no effect the duplicate delegation filed under the independent caption in 20 wards.

"The Commissioners themselves," he said, "have declared duplicate delegations a fraud and a trick, but they claim they have no power to interfere. Now, I claim they have the power to defeat the object of the dummy delegation under the statute. They should regard the two delegations, wherever they are identical, as the same delegation, merely filed under one caption. That is a correct interpretation of the law and by this means the Commissioners can defeat the trick.

"There can be but one purpose in filing 'dummy' delegations. It is to get a majority of the judges and clerks. Why do they want a majority of judges and clerks? Honest, fair-minded men wouldn't want anything more than an equality of representation at the polls. The opportunities for fraud under the dummy delegation trick are limitless, and the Commissioners, knowing this and acknowledging it as they have done publicly, should use every means to defeat the scheme."

Gov. Stephens came to town Tuesday morning. He said his visit had no political significance, and that he had come to inspect the Missouri troops. He declined to discuss the political situation in St. Louis, and claimed to know nothing of the dummy delegation matter.

Auditor Seibert and Secretary of State Lesueur were also in the city, but they, too, denied that politics had anything to do with their coming.

BLAND WINS BY DEMURRER.

His Position as Appeals Judge Now Secure.

JUDGE ROMBAUER'S CHARGES DEEMED INSUFFICIENT.

CONSTITUTIONALITY OF THE CORRUPT PRACTICE LAW NOT PASSED UPON.

DECISION RENDERED BY THE SUPREME COURT.

An Opinon by Judge Marshall Which Sets at Rest a Question Agitated Among Leading Politicians.

Judge Marshall of the Supreme Court of Missouri Tuesday morning handed down that tribunal's verdict in the celebrated Rombauer-Bland controversy.

The court sustains the demurrer of Judge Bland's attorneys and enters judgment for the defendant. This is the legal way of declaring that Judge Bland is not guilty of violating the corrupt practices act, as charged by Judge Rombauer.

The allegations made by the Republicans under Rombauer that there had been a deal between Judge Bland and Judge J. W. North, the Populist candidate in the campaign of 1896, whereby the latter withdrew in favor of the Democratic candidate, have been aired at length in the press and from the stump.

On Jan. 15 R. E. Rombauer filed an affidavit with Attorney-General Crow, charging that Judge Bland paid to S. B. Cook, chairman of the Democratic State Committee, $1000 to secure the retirement of John W. North from the People's party ticket and the substitution of Judge Bland's name as the candidate for Judge of the St. Louis Court of Appeals. It was further charged that the same proposition was made to Arthur B. Rozelle, chairman of the People's Party Committee, and that a secret understanding was had with Judge Henry W. Bond that North was to be appointed court reporter.

The petition was filed in the Supreme Court by Attorney-General Crow, with the request of Judge Rombauer, as the law provides, that he be entered as plaintiff and that the office be given him in case Judge Bland was removed.

On Feb. 16 Attorneys John M. Wood, R. L. Goode and Adiel Sherwood, for defendant, Bland, entered a demurrer to the information asking that the case be dismissed, as the petition did not state facts sufficient to constitute a cause of action.

Attorney Wood pointed out that the corrupt practice law of 1893 was applicable to elections, to occasions where the public ballot was used. He said that no contention was made that Judge Rombauer had been elected or that Judge Bland had not been elected, but that the fight was made on the securing of the Populist nomination, and never is a nomination made by public ballot.

The demurrer also stated that the provisions of the act of March 31, 1893, under which this proceeding was instituted, does not apply to the office of Judge of the St. Louis Court of Appeals, the State Constitution having prescribed the sole methods by which the right to hold that office can be inquired into—by impeachment, by contest of election and by address.

Arguments consumed five days and the case was submitted.

Tuesday morning the Supreme Court en banc sustained the demurrer and declared Judge Bland's position secure.

The Supreme Court did not pass upon the constitutionality of the corrupt practice law of 1893.

GRAND JURY FINDING FACTS

Thorough Inquiry Into the Boodle Cases.

LAFAYETTE BANK TELLERS GIVE THEIR TESTIMONY.

CAREFUL INVESTIGATION OF THE WORK OF THE MUNICIPAL ASSEMBLY.

THE WILLIAMS INCIDENT REOPENED BY THE JURY.

Many Witnesses Probed by the Men Who Are Looking Into the Alleged Official Corruption.

The grand jury is still probing into the charge of boodling preferred against certain members of the House of Delegates and City Council, as the result of the thorough expose printed in the Post-Dispatch.

Ever since Judge Zachritz called the grand jury before him and delivered his remarkable charge the jurors have been subpenaeing witnesses and examing them at length. Men who are known to possess important information have spent hours in the jury room and have been closely questioned. Four Courts officials say that never has a case been more deeply investigated than has this boodling case, which was brought to light through the efforts of the Post-Dispatch.

Tuesday morning there were only two witnesses called. They are thought to be important, however. They were examined at great length. One was A. T. Stueber, receiving teller of the Lafayette Bank. The other was B. J. Bloenker, paying teller of the same institution. The receiving teller was first examined. He was in the room for half an hour. Mr. Bloenker followed him and remained about the same length of time.

The Lafayette Bank is one of the city depositories. Mayor Ziegenhein is vice-president of it.

The present grand jury cannot be charged with shirking duty and responsibility. The members seem determined to investigate with refreshing thoroughness anything it undertakes. A week ago Judge Zachritz called the jury away from its work of inquiring how the Central Traction bill became a law and incidentally the charge that some of the city officials voted for the measure for a consideration, to see how it was that Detective George Williams, charged with murder in the first degree, was not confined in the city jail as the law directed. Judge Zachritz was exceedingly wroth. He told the grand jury that he had investigated the matter and had learned that Deputy Sheriff Robert Walker had taken Williams from the jail and had kept him for several days. This, too, the judge said, was with the consent of Chief Deputy Sheriff Adolph Troll.

The court instructed the grand jury in the most unmistakable language that it was its duty to thoroughly investigate the matter and if the case proved to be as he stated, the deputies were guilty of a crime and should be indicted.

Next day the deputies were before the Judge. The Chief Deputy, who is a son of Sheriff Troll, was whitewashed. The Sheriff's attorney told the court that Deputy Walker was the one to blame, and that he had been discharged.

Judge Zachritz was satisfied. He was glad that Deputy Troll had meant no contempt. As for Mr. Walker he had been punished sufficiently. The grand jury was marched down again and were informed that the matter was settled, and it need investigate no further unless it desired.

That the grand jury is not satisfied was plainly apparent Tuesday morning. The cases against Walker and Troll were investigated. Deputy Sheriffs Hall and Schuster, Detective Flynn and Deputy Jailer Will Wagner were called before the jury and closely questioned.

MISSED HIS JUGULAR VEIN.

Charles Hintze Cut His Throat With a Knife.

HE LAY UNATTENDED FOR OVER TWELVE HOURS.

SICK, PENNILESS, OUT OF WORK AND WITHOUT A FRIEND.

PROBABILITIES ARE THE MAN WILL DIE.

In the Dark of His Room He Slashed at His Throat and Remembers Nothing Thereafter.

Charles Hintze, sick, penniless, out of work and without friends, attempted to end his life some time Monday night, and the doctors at the Dispensary say the result of his attempt will probably be death.

He chose a horrible and bloody method. He was found at 10 o'clock Tuesday morning in the stuffy little room on the second floor of the McLean building, which he called home, with a gash in his throat three inches long.

Through the gaping wound the throbbing of the man's jugular vein could be seen. His face, throat and hands were smeared with coagulated blood, blackened from contact with the atmosphere for a number of hours.

His face, where it could be seen between the splotches, was of a greenish yellow.

Altogether he was one of the ghastliest looking human beings taken to the City Hospital in a long time.

He was unconscious when he arrived at the dispensary, but recovered sufficiently to tell what he had done, while Dr. Hughes was at work trying to snatch him from the death he had sought.

At first he maintained that he knew nothing about his wound or how he came by it. Finally he said:

"I wanted to die. I did it myself."

He told at intervals that he had been sick for weeks and was unable to work. He had no money to buy food or medicine and could not pay his room rent.

Monday night he went to bed, he said, and could not sleep for thinking over his condition. He determined to get away from the misery of illness and poverty and, sitting up in bed, grabbed his pocket knife, which lay open on the table within reach.

"It was dark," he said, "and I held the point under my jaw with one hand and then hammered it in with the other. Then I jerked the knife across my throat. I don't know what happened after that."

Hintze could not remember what hour it was when he cut his throat except that it was after dark.

James A. Clark, janitor of the building, saw Hintze early Monday evening walking through the hall. He was uninjured at that time.

At 10 o'clock Tuesday morning Clark went into Hintze's room and found him trying to get out of bed.

Hintze was sent to the City Hospital after a temporary dressing at the dispensary.

The physicians think he will hardly live.

Hintze is a cabinet maker by trade and was recently employed by the Brunswick-Balke-Collender Co.

At the McLean Building it was said he claimed that Frederick Hintze, a rich East St. Louisan, who lives on Collinsville avenue, was an uncle.

HASN'T ACCEPTED YET.

CENTRAL TRACTION CO. FILES ITS ANSWER IN THE SUPREME COURT.

JULIAN LAW NOT IN ISSUE.

Until the Franchise Is Accepted and Bond Given the Proceedings Are Permature.

In the Supreme Court sitting in banc today in Jefferson City the Central Traction Co., through its attorney, John H. Overall, filed its answer to the proceedings instituted by Attorney-General Crow to oust the company from doing business in St. Louis for alleged violation of the Julian franchise law of 1897.

The gist of the answer is that the company has not yet accepted the Central Traction ordinance. Under said ordinance the company has 60 days in which to file with the City Register its written acceptance of all the provisions of the ordinance, and to file its bond with said Register, with sufficient sureties to be approved by the Mayor and Council, in the penal sum of $250,000 that it will save the city harmless from any claim or damage done to persons or property, arising from or out of the constitution of the tracks of company and that it will comply with all requirements and conditions of said ordinance, and that unless said acceptance and bond are filed as aforesaid, then all the privileges granted in said ordinance shall cease, and said ordinance become null and void; and this company declares that it has not accepted said ordinance nor filed said bond, neither have the officers of the company been authorized or directed to make or file said acceptance or bond.

The company has 30 days or more yet to accept or reject the ordinance.

CASE OF ELDER ANDERSON.

Presbytery Indefinitely Postpones Action and Gives Its Reasons.

The St. Louis Presbytery in a preliminary investigation of the charges against Elder F. H. Anderson, formerly a member of Grace Church, virtually sustains the position taken by the accused, that the charges grew out of the former troubles between the church and Dr. Mulholland, its former pastor.

Elder Anderson was a leader of the opposition which led to the removal of Dr. Mulholland. Afterwards the church brought suit in the civil courts against the ex-pastor. Dr. Mulholland brought a libel suit against a newspaper, and the Presbytery appointed Dr. Niccolls to investigate charges against Dr. Mulholland. While all these matters were pending, charges affecting the moral character of Mr. Anderson were preferred by Dr. Mulholland's son and another young man. Mr. Anderson expected to be a witness in all these cases.

The Presbytery continued the investigation generally. The report of the Judicial Committee reads, in part, as follows:

"It seems clear to your committee that this whole matter has arisen out of the dissensions in which the Grace Church has been involved, and it is a serious question whether the motive underlying it is not to influence the judicial judgment now pending, touching the property interests of that congregation. It looks to your committee as if there may be a deliberate attempt to make the church, as matters now stand, a party to the endeavor to defeat the congregation in its efforts to secure its rights."

Mr. Anderson has ceased for the time being to be an active elder, and having virtually withdrawn from the church, the committee held that no possible harm could result from a postponement until the Presbytery is quite ready to take up the case again, which presumably will not be until the litigation in question is disposed of.

SWAINE IS AT WORK.

BUT WHETHER HE IS ON THE PAYROLL OR NOT IS THE BURNING QUESTION.

PRETTY ROW AS IT STANDS.

His Discharge Has Been Approved and Red Tape Is Necessary to Reinstate Him.

The tempest in the teapot that Chief Deputy Building Commissioner L. F. C. Stemme raised by discharging Local Inspector Fred Swaine during the absence of his chief, J. Harry Randall, has been calmed by the Mayor.

The process of pacification was the Mayor's sending the order of Swaine's dismissal back without his approval. This is supposed to close the incident. But the ruction that was caused by the summary action of Deputy Stemme has not been smothered over by any means. Like every other move of the kind at the City Hall, there is more or less politics said to have been in Stemme's action, and that he was striking at Chauncey I. Filley by knocking out of a good job one of his most supple henchmen.

Randall, however, is too staunch a Filley man to allow such a knockout if he could prevent it, and as soon as he returned from looking after his farming interests near Rolla, Mo., whither he went for a week without the usual leave of absence, he set about getting even.

Stemme appointed Frank Dinsmore in Swaine's stead, notifying President McMath of the Board of Public Improvements, who approved of it.

Mr. McMath's prerogative does not extend to inquiring into the cause of dismissal of subordinates by supervisors, but all he can do is if he is satisfied with the appointee is to approve of him. Mr. McMath denies that any political significance can be attached to his action. But something more is necessary in such appointments besides the President's signature; the Mayor must confirm the appointment. This he has refused to do, and Swaine stands just where he did before Stemme discharged him, so it is claimed by Randall.

But President McMath holds that Swaine is off the payrolls by Stemme's dismissal, and that he will have to be reappointed by Randall, approved by the Board of Public Improvements President and confirmed by the Mayor before he can be regularly reinstated.

The ordinance creating the office of Deputy Commissioner of Public Buildings is a peculiar and anomalous one says President McMath. It declares that the Deputy Building Commissioner "shall possess all the qualifications and exercise all the powers of the Building Commissioner." Mr. McMath insists that the plain reading of this ordinance gives Stemme equal powers with Randall at all times, whether the latter is in or out of the office.

Stemme declares that he discharged Swaine because he was uncouth and unmannerly in the discharge of his duties, but Swaine says it was solely on personal and political grounds.

Stemme had a long conference with City Counselor Schnurmacher Tuesday, but the Counselor refused to give any off-hand opinion, saying that the Mayor may ask for a construction of the ordinance.

In the meantime Swaine is about his duties as usual.

RIGHTS OF PASSENGERS.

Trains Do Not Have to Stop to Suit Private Convenience.

The Court of Appeals Tuesday decided that a person is not entitled to recover damages from a railroad company because its officers refuse to carry a passenger holding a ticket purchased at the company's office.

In the case of R. S. Barnett against the Chicago & Alton Railway, Barnett showed that he had received a telegram calling him to the bedside of his dying brother. Barnett lived at Mexico and wanted to go to Farber as quickly as possible. He bought a round trip ticket and attempted to use it on the first train that passed through Mexico. The conductor asked him his destination and then told him that the train was a through train and did not stop at Farber and refused to take him as a passenger. The same thing was repeated on his next attempt. It was not until 1 o'clock the next afternoon that Barnett was able to take the local train and reach Farber.

He sued for $100 actual damages and $5000 exemplary damages. The actual damages were knocked out on a demurrer, and the punitive damages refused because it was not shown that any injury had been done to the plaintiff, and that his urgent need to reach his brother did not entitle him to any more consideration than was given to the ordinary patrons of the road.

SOLDIERS WILL WED.

ARTHUR B. DONNELLY AND WILLIAM C. KIRN THE LUCKY VOLUNTEERS.

YOUNG WOMEN GET LICENSES.

Misses Anna Renick and Nellie Rodgers Authorized to Marry Their Heroes.

There will be a double wedding at Jefferson Barracks Tuesday evening, and two soldiers of the 1st Regiment will march to war the proud husbands of two as patriotic girls as St. Louis holds.

While Recorder Lewis was sorting out his morning mail Tuesday, Miss Anna Renick of 6 North Beaumont street applied to him for a marriage license. She explained that her lover, Arthur B. Donnelly of 2612 Chestnut street, was a member of the 1st Regiment and could not get away. The prospective groom's brother accompanied Miss Renick and vouched for her statement.

A suggestion to await peace before marrying did not meet the lady's favor. She said she was anxious to make the greatest sacrifice possible for her country and she believed a woman could not give up more than her husband.

Recorder Lewis was greatly impressed by her loyalty and readily issued the document.

The seal had scarcely been affixed to Miss Renick's document when Miss Nellie M. Rodgers of 1824A Olive street, accompanied by her grandfather, entered Mr. Lewis' office. She, too, had a sweetheart in the 1st Regiment, William C. Kirn of the same address.

She was just as self-sacrificing as Miss Renick and in view of the precedent established Recorder Lewis directed that she be issued a permit to wed.

When the two ladies met they discovered they were old friends and there was an avalanche of hugs, kisses and congratulations. The announcement was made that the double wedding would occur in camp, in true military style.

Furniture Board of Trade.

The Furniture Board of Trade met Monday night. After a discussion of the bridge arbitrary a resolution was adopted calling on the members to favor such railroads as agreed to give through bills of lading to and from St. Louis. A resolution was passed asking the Army and Navy departments to favor St. Louis as much as possible in the purchase of supplies.

ATONEMENT FOR THE MAINE.
FREEDOM FOR CUBA.
JUSTICE—LIBERTY—HUMANITY.

ANOTHER DECISION.

After much pulling and hauling the President, or rather the Cabinet, has decided to make war in a warlike way.

It is proposed to put 60,000 soldiers into Cuba without delay and probably half as many will go to the Philippines, where they are greatly needed to keep Spaniards and Malays from butchering each other.

This is gratifying. Every consideration of economy, national reputation and humanity demands a vigorous movement. To prolong the war may please the sentimentalists who shudder whenever energy is manifested. The jobbers looking for fat contracts and bond issues are likewise well satisfied with a languid policy. But every one else wants a square fight and an early knock-out blow.

POCKETBOOK PATRIOTISM.

The latest weekly circular letter of a well-known banking house of Wall street fairly roars with patriotism.

"Centuries of dishonor and cruelty on the part of Spain are at last meeting with terrible but just retribution," we are told, "and the effect must inevitably be to finally convert cruel, treacherous and inhuman Spain, whose mode of government is a relic of the barbarous ages, into a nation purified and redeemed through fire and blood, qualified to rule over a Christian people."

Here is a surprising revolution indeed! Before the war began we were told by this patriot and his fellows that the Cuban insurgents were bandits and devils, that they and not the Spaniards were guilty of the barbarities in that island and that the atrocious crime of the Maine was their work if it were not the result of gross incompetence among the officers of that ship.

What causes this change of view? How did these gentlemen find out that Spain was cruel, inhuman, treacherous and deserved all she is getting?

Nothing official is given out, but stocks have gone up and a debt of $500,000,000 has been authorized. Patriotism is a fine thing when there's money in it.

THE TRUSTS' OPPORTUNITY.

The war excitement gives the trust movement a fine opportunity to go ahead without much fear of effective public protest being made. That the trusts are improving this opportunity is shown by the fact that a new combine is reported every few days.

The latest formed trusts were the new biscuit trust, knit goods trust, new tobacco trust and new wire nail trust.

The artificial activity created by war preparations will mask for a time the effects of trusts and combines on labor and consumption. But this can only be temporary.

After settling with Spain, the people must turn their attention to the trusts.

THE NEW AMERICAN POLICY.

When the United States undertook the war for the liberation of Cuba a pledge was given to the civilized world that it should not be turned into a war of aggression or for territorial aggrandizement.

This pledge must and will be kept. We are now in military possession of the Philippines, and while events have thrust certain responsibilities upon us with reference to those islands, there is nothing in the situation to justify the opinion that we should establish our sovereignty over them. The same may be said of Cuba, and Porto Rico need not be acquired.

It is no doubt true that a new era is about to begin. The United States must give up protection and commercial isolation. Her flag will be seen on every sea and her traders in every port. We shall compete with other commercial nations and get our share of the profit of international trade. This has long been foreseen and understood, for no quantity of fanatical stupidity can confine a vital, growing nation within its own territory when there is profit in an external commerce.

To extend, diversify and protect this trade, to cover the seas with the merchantmen of America, to draw closer the ties which bind us in peaceful intercourse with the outside world, to promote friendly rivalry in industry and the arts—these are the problems of the new American policy. They do not involve war, conquest or ill will. But they do involve the application of the best energy and intelligence of the American people, and they are strictly in keeping with our traditional ideals of freedom and humanity.

◆◆◆

Another high water mark was reached by the Sunday Post-Dispatch in the circulation of last Sunday. The regular circulation was **133,949**. The record of the week before, which broke all previous records, was beaten. Thus the circulation of the Sunday Post-Dispatch advances steadily. While there are fluctuations from Sunday to Sunday, there is invariably substantial gain in the regular circulation. This substantial gain, which has brought the circulation far above any precedent in the history of St. Louis journalism, is the best proof of success. The people buy the paper that suits them best. The Sunday Post-Dispatch suits the people because it has the first news, the fullest news and the best news. It contains the best reading matter. It is the people's paper.

DEWEY'S REWARD.

A correspondent suggests, in order that George Dewey may have a rich reward, "a popular subscription, the proceeds of which be presented in the most delicate manner to him as a loving gift from his grateful, proud and admiring fellow countrymen."

Admiral Dewey cannot be paid for his great services in money. The value of his work in Manila cannot be measured in dollars. His reward is in the gratitude of his fellow countrymen, which is given without stint, in the proud consciousness that he has deserved well of his country, and in the certainty of an imperishable renown.

His greatness is fully recognized and he will not die in want. Our correspondent forgets that he was made an acting Rear Admiral by the President's order, and this has been followed by an act of Congress making him Rear Admiral, and a joint resolution conveying to him the thanks of the nation. She forgets, too, that it is not a great misfortune to die poor. God's blessing, which is invoked upon the great Admiral, seldom takes the form of wealth, which is oftener a curse.

It is time for us to think of something better than money as a reward for great public service. George Dewey himself is no doubt better satisfied with his rank, the gratitude of the country as expressed in the resolutions of Congress, and the certainty of his place as an historical figure than he would be with a money gift. He cannot afford to take money. He cannot afford to die rich. There should be no alloy in his treasure of fame, which will never die.

The richest man in America would be enriched if he should lose his money and gain Dewey's well-earned honor.

The work of the army in Cuba will consist mainly in the establishment of order. There may be some fighting at the outset, but the Spaniards are probably in no condition to hold out against the well-fed, well-armed and well-drilled Americans. The fall of Havana will quickly follow that of Manila and after that—the end.

POST-DISPATCH SNAP SHOTS.

In all the merry month of May
There'll be no time like Dewey Day.

Dewey is a great man, but what a tremendous person is Farmer Leiter!

We are warm enough now. We do not need the tropical islands.

A tax on the Dewey puns would make a big tide toward the Treasury.

Uncle Samuel has Spain and 49 Parisian newspapers to fight, but the betting is still on our Uncle.

Mysterious Smith will be still more a mystery when his impenetrable name is changed to a penitentiary number.

Should the Spanish marksmanship not improve, Webster Davis' hat and Mr. Dingley's, also, would be safe in the war.

The naming of a postoffice in Pennsylvania for him is scarcely an honor for Dewey. Postmasterships are sold in that State.

The Pacific Coast is in great luck in getting its troops to Manila. Every regiment in the service has longed to go to Dewey.

"If the world could only eat cotton!" exclaims a Texas writer. Can't it be ground up somehow so as to be a useful adulterant for flour?

With two boards of strategy in session and many able newspaper advisers, Uncle Samuel ought to make swift progress in freeing Cuba.

Britain is a great and powerful empire, but there is one obstacle which it seems never able to overcome. That insurmountable obstacle is the letter "h."

Between breaking through ice and having avalanches roll upon them, the Klondikers are likely to lose more of their number than our army and navy in the Spanish war.

The title Rear Admiral conveys to the non-naval intellect little idea of promotion. There is a notion abroad that Dewey is a sort of Front Admiral where fighting is to be done.

When young Dewey was flogged at school for trying to whip the schoolmaster, the elder Dewey sided with the master. With so clear-headed a papa it is no wonder that young Dewey came out right.

LATIN AND PRESCRIPTIONS.

Latin is more precise than English.

Being a dead language, it is not subject to constant change, as is the English.

The Latin name is usually descriptive of some prominent feature in the object, and so is more easily remembered.

For these three reasons, scientific names are usually Greek or Latin, and the drugs have the same names in the pharmacopeia as in the sciences that describe them.

Most of the drugs have no English names.

Latin is the international language of scholars.

It is the best for unscientific persons not to know the names of drugs similar in so many respects and deadly in others.

PRONUNCIATION OF SPANISH NAMES.

The following timely explanation of the pronounciation of Spanish names, as published by the Pioneer, is believed to be correct:

Such names as Havana and Madrid, we have long been accustomed to in their anglicized sound, and it is not worth while to learn a different pronounciation.

Havana—Hah-wah-nah, accent on second syllable.

Madrid—Mah-dree, accent on second syllable.

Blanco—Blahng-ko, accent on first syllable.

Cabanas—Cah-wah-nas, accent on second syllable.

Sagasta—Sa-gas-ta, as spelled, the "a's" sounded as in cat.

Gomez—Go-meth, accent on first syllable; "o" long.

Ruiz—Roo-eeth, equal accents.

Maceo—Mah-the-o, accent on first syllable.

Maria Rodriguez—Mah-ree-a Ro-dree-geth, accent on second syllable in both words; "o" in Ro is long.

Perico Diaz—Per-ee-ko Dee-ath, accent on second syllable in Perico; accents equal in second word.

A REAL HEAVYWEIGHT.

THE SONG OF DEWEY'S GUNS.

What is this thunder music from the other
side of the world,
That pulses through the severing seas
and 'round the planet runs?
'Tis the death song of old Spain floating
from the Asian main;
There's a tale of crumbling empire in the
song of Dewey's guns!

The hand that held the scepter once of all
the great world's seas,
And paved the march with dead men's
bones 'neath all the circling suns,
Grew faint with deadly fear when that
thunder song drew near,
For the dirge of Spain was sounded by
the song of Dewey's guns!

There is music in a cannon, yet, for all the
Sons of Peace—
Yea, the porthole's belching anthem is
soft music to her sons,
When the iron thunder song sings the
death of ancient wrong—
And a dying wrong was chanted by the
song of Dewey's guns.

THE NEW RECORD IN JOURNALISM.

Dewey Beat the Spaniards, and the Post-Dispatch Beat the Newspapers.

Special Cable to the Post-Dispatch.
Copyright by the Press Publishing Company, 1898.

LONDON, May 10.—Traffic Manager Hibberdine of the Eastern Telegraph Co. said to the Post-Dispatch and New York World correspondent to-day:

"The Post-Dispatch and World are fully entitled to the utmost credit for their very brilliant piece of work in beaing all rivals, including the United States Government, in getting the first news of Dewey.

"It is contrary to our regulations to give any particulars of the times at which other dispatches are handed in or received here, but our rule is that official Government dispatches have precedence over all other work. Private commercial messages come next and the press dispatches last.

"The Post-Dispatch and World reversed the usual order, and in so doing made a big score in the annals of journalistic enterprise.

"I can't imagine myself, knowing as I do the rigid observance of our rules, how the Post-Dispatch and World achieved this coup except by sheer smartness.

"The Post-Dispatch and World's dispatch was delivered in New York within an hour from the time it was handed in by the Post-Dispatch and World correspondent in Hong Kong, and was back here from New York, in London, having traversed a distance of 16,600 miles, less than an hour later."

As already stated, the message was the only authentic news received in London from 10 o'clock Saturday morning until 5 o'clock in the afternoon.

The Star says: "The Post-Dispatch and New York World were first in both hemispheres with the intelligence of Dewey's position, and readers of the Star Saturday morning had the news from them."

FLYING SQUADRON IS TESTED FOR BATTLE.

OLD PIONT COMFORT, Va., May 10, on board the flagship Brooklyn, off Fort Monroe.—The first clear day with beautiful weather that has greeted the Flying Squadron, began this morning. On the ships all is bustle, although the squadron officers disclaim any knowledge of an early movement. The New Orleans was not allowed to go up to Newport News for coal, but at 6 o'clock this morning began taking on coal from the lighters alongside, and will finish coaling that way.

The St. Paul being of lighter draught will be able to run in dock at Newport News for her 600 tons of coal. The Minneapolis coaled this morning to her full capacity and joined the squadron later.

Capt. Folger of the New Orleans says that the stories of his ship making a very slow voyage down the coast are without foundation. He did not leave Newport Thursday last as stated, but on Saturday night, and arrived at the Capes Sunday, but thought it wise to stay outside until Monday.

There was a night call to battle on all the ships last night and the celerity with which crews responded was quite remarkable. No preparations was made and the majority of the men were asleep, but the guns were ready to shoot on all the ships in less than six minutes.

SPANISH CRUISER BOARDS A BRITISH STEAMER.

GIBRALTAR, May 10.—The British steamer Narva from Barion, April 25, for London, has arrived here and reports having been boarded at 1 o'clock this morning, 18 miles off Europo Point, by an armed party from a Spanish cruiser, which fired across the steamer's bows. The officer in command of the boarding party examined the Narva's papers and allowed her to proceed.

ROUGH RIDERS ASSEMBLE AT SAN ANTONIO, TEX.

SAN ANTONIO, Tex., May 10.—Four hundred of the men who will compose Roosevelt's regiment of rough riders are now in San Antonio. They are mostly from Arizona and Oklahoma.

The camp is located three miles from town. Officers of the regiment expect to start Saturday for Tampa.

The men here constitute the finest looking body of men ever assembled in San Antonio. Those from the West were subjected to a rigid test. Government officers at Fort Sam Houston are buying horses for them, and so far 100 have been secured.

Private Bird, while riding an untamed mustang without either bridle or saddle, was thrown against a tree yesterday afternoon and suffered a concussion of the brain. His recovery is doubtful.

A BLOCKADE RUNNER IS TURNED BACK.

ON BOARD THE ASSOCIATED PRESS DISPATCH BOAT KATE SPENCER, OFF CARDENAS, May 9, via Key West, Fla., May 10.—The British tramp steamer Strathdee, Capt. Currie, attempted to run the blockade yesterday but was overhauled by the gunboat Machias. The captain of the Strathdee claimed that the vessel was loaded with sugar and that he had on board a number of Spanish refugees from Sagua la Grande. He also said that the steamer was bound for Matanzas, where it was desired to disembark some of the refugees. The commander of the Machias was skeptical of this story, however, and warned the captain of the Strathdee that if he attempted to take the vessel into Matanzas she would be fired on, whereupon the Strathdee put about and steamed away in the direction of New York.

SPANISH 4S SHOW GAIN AT LONDON AND PARIS.

LONDON, May 10.—American securities opened firm; Spanish 4s opened at 32¾ and advanced to 33¼. Yesterday's final price was 32¼.

PARIS, May 10.—Spanish 4s opened at 32⅝, a net gain of 15-16.

DEWEY'S COUSIN ENLISTS AS A PRIVATE.

NEW YORK, May 10.—Among the members of 22d Regiment who have gone to Camp Black to enlist for the war with Spain, is George Dewey, a cousin of Admiral Dewey. He is a private.

TERRIBLE CONDITIONS EXIST IN HAVANA.

Nearly All Business Suspended and Prices of Provisions Greatly Increased.

Special Cable to the Post-Dispatch.
Copyright by the Press Publishing Company, 1898.

KEY WEST, Fla., May 10.—The conditions in Havana are terrible. I have seen the city in its gayest holiday moods and have just witnessed its most poignant distress.

The American naval blockade is a success, except that it is alleged, but not confirmed, that an avenue to Mexico via the Isle of Pines is open.

The night of April 21, when the American fleet first appeared off Morro Castle, the city was warned by three alarm guns fired from Morro. Although the notice had been expected for several days, everybody had been hoping against hope that something would turn up to bring about a peaceful settlement of affairs. When the alarm was really given everybody was astounded.

The greatest confusion prevailed, and the streets were filled with bodies of troops hurrying from one point to another, trying to find the positions assigned to them.

Gen. Blanco issued a proclamation dividing the city into districts and appointing committees to look after the families unprotected and to keep track of all men in their respective districts.

No one is allowed to remove from one house to another without permission, and these committees are held responsible for any disturbance or depredations in their districts. They have all the power of a judge. Since then the greatest quiet and order have prevailed. Everybody who did not have necessary employ was compelled to work on the fortifications. This work kept their minds busy.

For several days there was a feeling of suspense throughout the city, but that has gradually worn off, and the general feeling now is that the sooner the Americans attack them the better. The Spanish element is just Quixotic enough to believe that they are going to have an easy victory.

There is no doubt that they have the courage and desire to fight, but half of the troops depended on to defend the city are militia and raw recruits, most of whom have never fired a gun.

Business at Havana is at a complete standstill, and many of the shops and stores are closed. All of the cigar factories have shut down because there is no way of shipping the cigars. The large Henry Clay cigar factory closed two weeks ago, but is dividing $2000 a week among its employes. There is fresh meat in the city for several days yet, and it was selling on May 3 at 60 cents a pound in silver. Spanish silver has dropped almost 50 per cent below our currency. The prices on all kinds of provisions, with a few exceptions, has been raised only 30 per cent. Some articles had gone away up. Condensed milk was selling at $1.20 a tin.

There are plenty of provisions in the city for at least a month, and the Government will probably regulate the prices so that they will not go much higher.

So far there has been little suffering from hunger, except among the reconcentrados. They are in very bad shape, and may die of starvation even if Havana be captured within the next two weeks.

Food for them sent to Gen. Lee has been seized for the army.

The city has been in semi-darkness ever since the bombardment began. Every afternoon the open space about the Queen's battery is thronged with thousands watching the ships on guard before the city.

A number of schooners that have been seized have been captured five or six miles off Morro and within plain sight of the throngs on shore.

Absolutely no authentic news from the outside world has been published for days, and they are completely ignorant of what is going on in Spain.

Gen. Blanco has done everything possible to try to persuade the insurgents to join the Spaniards against the Americans. He has failed.

Small-pox, which has been raging for some time in small towns outside the city, has apparently been brought into the city by the troops, and within the last few days many cases have broken out in Havana, Regla and Guanabacoa. Nevertheless, the death rate has been lower than it has been any time in the last two years. There is very little fever, there are a few cases in the military hospital in Regla.

Several of the wealthy families have left the city for Mexico, having reached the Isle of Pines in fishing smacks.

Some provisions are also said to have been brought into Havana from Mexico over a similar route.

ARCHBISHOP IRELAND TO CONFER WITH THE POPE.

WATERLOO, Io., May 10.—Catholics here are discussing the report that Archbishop Ireland has been summoned to the Vatican to lay before the Pope the sentiments of Catholics in America with regard to the Spanish-American war. The report that he is to make this trip was given out by a priest at St. Paul, who stands high in the estimation of the Archbishop, in a letter written for the Archbishop, declining an invitation to lecture before the Waterloo Chautauqua Assembly next month.

The letter said that it was impossible for His Grace to fill the engagement, and intimated very strongly that he had received a personal summons to Rome. While it is not certain that the proposed visit to Rome is on an important mission, the summons is altogether out of the ordinary.

The St. Louis Browns defeated the Cincinnatis yesterday in a 12-inning game.

This is only the second game they have won from the Reds in two seasons.

The Browns outplayed the Reds at every stage of the game yesterday and hit Hill's curves all over the lot.

Crooks and Hall got mixed up in the second inning, Crooks batting in Hall's place and reaching first on balls. Umpire Cushman discovered the error and called Hall out.

At the end of the ninth inning the score was a tie, 5 to 5. Both teams were blanked in the tenth and eleventh. In the twelfth Clements hit for two bags and Cross sacrificed him to third. Decker then hit for two bases, scoring Clements. Hall was thrown out at first, but Crooks went to first on balls and stole second. But they were left, as Daniels struck out. The one run scored in this inning was enough, for in their half of the twelfth the Cincinnatis went out in one, two, three order and the Browns won the 12-inning game by the close score of 6 to 5.

The Browns made 12 hits and the Reds nine. Harley made his first error of the season yesterday. Decker and Clements played a perfect game. Their timely hitting won the game for the home team. If the Browns put up a few more games like that of yesterday, they will soon be near the top of the heap. They play Cincinnati again to-day, and Sudhoff or Daniels will pitch for them.

Charley Briody, the receiving end of the old Cleveland battery, back in the '80's, was a guest of Jimmy McGuire's at the Broadway Central, in New York, last Wednesday. Since Charley and Jimmy did "sketches together" behind the rubber in the Forest City, many a backstop has answered the gong tap that tolls his baseball death knell. But McGuire, stanch and sturdy as a rod of steel, stands to-day in the forefront of the major League catchers. Briody has cultivated a gouty bay window, and is now the rotund boniface of a hostelry at Troy, N. Y. —Washington Post. When Briody jumped Cleveland in '84 with Fred Dunlap and Jim McCormick to join the Cincinnati Onions he was known as "The Alderman."—Cincinnati Post. When Briody came to St. Louis in 1885 to play with the St. Louis Unions he was as fat as a prize pig. Three or four times since then Briody has been reported dead and the statement that he is still on earth, will be a big surprise party to hundreds here who knew him in the old Union days and who had heard that he had joined the big nine on the other side.

Again the rumor has been revived that Fred Pfeffer will be given a position on "Uncle Nick's" staff of umpires. Nobody seems to know why Fred failed to get an official berth at the opening of the season. He was of the first, if not the first, to advocate the double umpire system, is a practical ball player, with a thorough knowledge of the game, and has a good record as a substitute umpire. For "Uncle Nick" to send out such men as Swartwood and Wood, when a man of Pfeffer's intelligence and disposition could be had, is beyond the ken of base ball critics. Pfeffer would reflect credit on "Uncle Nick's" staff, while it is evident that he now has one or two officials who don't even know the rules.

WITH THE BOXERS.

Fitz and Corbett Again Plunge Into the Newspapers.

The Olympic Athletic Club of which J. A. Cappels is president will bring off its boxing matches in the future in the Shooting Park at East Carondelet. The first of these exhibitions will be given there next Sunday.

The feature will be a contest between Ed Lally and Brownlow Sexton.

There will also be an eight-round go between George Smith of this city and George Smith of Memphis. Both men are said to be clever.

Frank Punch of East St. Louis and Rufus Sharp will go six rounds. George Curtis of East St. Louis and a big "buffalo" called the "Hot Springs Rabbit" are carded to box six rounds.

Max Luttbeg, champion lightweight wrestler of Missouri, and William Shantz, champion heavyweight wrestler of Missouri, will meet in a catch-as-catch-can wrestling bout.

As if by mutual consent, Fitz and Corbett have broken out again.

While at Boston yesterday, Fitz announced his acceptance of the offer of Kid McCoy to pay the champion $10,000 for a fight at middleweight and also his acceptance of the offer of James J. Corbett of $25,000 for an opportunity to regain the heavyweight championship. Fitzsimmons will meet either man before the regularly organized cub offering the largest purse, but he will insist on a side bet of $10,000 in each case and both matches must take place before the last of September, this year.

This announcement is accompanied with the offer of Julian, Fitzsimmons' manager, and the prize fighter himself to bet $2500 that neither McCoy nor Corbett will make good his offer.

At Denver Corbett read Fitz's offer and he sent this message to Billy Brady, his manager:

"Go after that man (Fitzsimmons) and make my offer to him again—$25,000 that I will stop him in 10 rounds—and put up some money. Show him up."

Then Brady, who was at Rochester, sent out a card in which he said Corbett would give Fitz $25,000 if he did not stop him in 10 rounds.

McCoy, up to a late hour this morning, had not been heard from.

ST. LOUIS INAUGURAL.

THE CANDIDATES FOR SATURDAY'S BIG RACE NOW BEING BREEZED ALONG.

FERVOR AND GAME HARRY DUKE

Frank Carr Thinks One of Those Two Flyers Will Capture St. Louis' Royal Opening Event.

The Inaugural candidates are being breezed along at a lively gait these days. The big race will be run over the Fair Grounds course next Saturday, the opening day of the St. Louis race meeting, and that time is so near at hand that the Inaugural candidates are being hurried along in their work.

"Every owner of an Inaugural candidate has placed a commission with me," said Frank Carr, the local penciler, this morning, "and I should judge by that that there is going to be a big field. Every horse in the race has been played, and well played at that. Some people like Timemaker, Whaterlou, Farrell and Buckvidere, but I think the race will be between Fervor and Harry Duke. You can give those two as my tip. I like them better than any of the others."

According to Mr. Carr and several owners, the field in the Inaugural will be the biggest seen in a stake event this spring, and the race will be one in which it will be very hard to pick the winner.

Harry Duke, one of the speediest sprinters at the Fair Grounds last year, and who Frank Carr thinks will win, is looking well and in a trial yesterday went the six furlongs in 1:15. Buckvidere went the mile easily in 1:43, and Timemaker, the Schorr candidate in the Inaugural, went the six furlongs in 1:16 without half trying.

Every inch of stable room at the big track is now taken up and to-day the Fair Association officials took possession of the old street car barns on Kossuth avenue and set to work putting up stable room in there.

Not in the history of the turf have as many horses been stabled at a St. Louis race course as just now. This is the best indication in the world that the meeting which opens Saturday is to be the best the St. Louis Fair Association has ever had.

Among the arrivals at the Fair Grounds this morning was Andy Foster's stable, which includes The Chemist, Wiggins, Jack Bradley, Flora G., Doxey and Libbey.

G. W. Miller's string also reached here this morning. In it are Loving Cup, Weenatchie, Collinsville and Telford.

Both the Foster and Miller strings have wintered at the latter's farm near Collinsville, Ill., and all the horses are looking to be in the very pink of condition.

Will Bloss, who rode many a good and bad race at old South Side Park, is now cutting a pigeon wing at the Lakeside track, near Chicago. He won the feature there on last Thursday, the opening day. Of that race the Times-Herald man said: "The spectacular race of the day was the third event, a selling affair, at a mile and a sixteenth. Arezzo set the pace from the stand, with Pop Dixon second and Sunburst third. The pace suited Sunburst, and he was always within striking distance of the leaders. Before they had turned into the stretch Arrezzo had had enough, and Dixon took command. As soon as the horses were straightened out for home the jockeys met with a bid for honors, and under punishment the entire field bunched at the eighth pole. Sunburst was in the middle of the track and gaining slowly on the leaders under punishment from spurs. Had Bloss lost his head and gone for his whip he would have lost the race, but he did not, and Sunburst came toward the wire straight as an arrow, winning by a neck, with four horses behind him noses and heads apart. Pop Dixon ran second. Tony McCafferty ran Sunburst up $200. He was retained by his owner by the usual $5 bid."

Should Lieber Karl be fortunate enough to beat Plaudit when they meet in the Clark stakes to-morrow, for the distance and weights will both be in his favor, the Oakley Derby will be the race of the year, and should attract as large a crowd as witnessed the Kentucky Derby Wednesday. The loyalty of the Falls City citizens to their home institutions was evidenced by the great crowd that turned out in a driving rain to see the race, and the fact that most of the business houses gave their employes a half holiday. This will not be necessary when the kings of the turf meet at Cincinnati, for the Derby Day comes on Saturday, May 21, a regular half holiday. The race should be a splendid one, for both Plaudit and Lieber Karl are sure starters, barring accidents. To these will be added Bannockburn, for McGuigan said at Louisville Wednesday: "My colt is improving rapidly, and I expect to enter him in several purse races before the meeting closes, and by the time the Oakley Derby is run I will have him in shape to give these colts a mighty good race."

Skeets Martin, who has been riding at San Francisco all winter, is now at Lakeside and in the employ of T. H. Ryan, who is so well known in St. Louis turf circles.

THE CENTRAL SHARPSHOOTERS.

McBean, Staley, Mende and Jones Capture Leading Honors.

The medal winners in the Central Sharpshooters' Association's regular shoot Sunday were: Andrew McBean, A medal, 221; R. W. Staley, B medal, 215; Aug. Mende, C medal, 204. Bill Jones was high on the honor with a score of 70 points. The riflemen present and their friends had an enjoyable time. The total scores were:

The Shooting Carnival.

The shooting carnival and tournament to be held at Kansas City, May 17 to 22, under the auspices of the Missouri State Game and Fish Protective Association, will be attended by many of St. Louis' crack shots. Dr. Starkloff, P. M. Kling, Ed Prendergast, J. H. Conrades, Jr., William R. Nold, Jules Selzer, Dr. J. W. Smith, Henry Griesedick and Herbert Taylor are only a few of the crack shots that will go from St. Louis to the tournament. A meeting will be held at Rawlings', 713 Pine street, on Wednesday at 1 o'clock, to perfect arrangements for the trip to Kansas City and all local sportsmen are invited to attend.

The New Cycle Track.

The new bicycle track located in old Sportsman's Park is being put to good use these days by the riders who are to take part in the coming National Circuit meet to be held there next Saturday. McCarthy, Cabanne, Strotholte, Eddie Grath and Jack and Lou Coburn are among the riders now in training there.

KING OF THE PACERS.

STAR POINTER HAS WINTERED WELL AND MAY SCORE A NEW RECORD.

THE ONLY TWO-MINUTE HORSE.

Records Which Show How He Gradually, but Surely, Reduced His Time.

The king of pacers, Star Pointer, the only two-minute horse in the world, is getting ready to take the road again.

The great horse has been at Park Ridge near Chicago all winter, where Mr. James A. Murphy has built him a half mile track.

In this new home Star Pointer has lived during the rigor of the last winter and, subjected to daily exercise and most careful grooming, he now faces another racing season in a condition of perfect ruggedness and solidity. The northern winds and the blustering snows have at no time confined him to his warm and luxurious stable, but each day has found him plodding systematically about the nearby track with just sufficient speed to keep hard his sinews and to ward off a delicacy that too often comes from inactivity.

"He has wintered splendidly," said his trainer and driver, David McClary, the other day, "and is in condition to run the race of his life. The air in this suburban home is the best in the world and has kept him in the pink of condition. I have never seen the horse in more perfect shape and believe he stands a good chance to lower his already phenomenal record."

Star Pointer is now in his 9th year, and the following records will illustrate how gradually but surely he decreased his time during the years 1895 and 1896:

1895.

Aug. 23—At Rochester, N. Y., straight—time, 2:09, 2:05¾ and 2:03½.
Oct. 8—At Lexington, Ky., won in the second, third and fourth heats—time, 2:05¾, 2:08¼ and 2:08¼.
Oct. 14—At Lexington, straight—time, 2:06¾, 2:07 and 2:05¾.
Oct. 3—At Terra Haute, Ind., straight—time, 2:04½, 2:04¾ and 2:06½.
Aug. 9—At Buffalo, N. Y., won in the second, third and fourth heats—time, 2:09¼, 2:12¼ and 2:08¾.
Sept. 27—At Fort Wayne, Ind., straight—time, 2:08¾, 2:08¾ and 2:08¼.

1896.

Aug. 8—At Medford, Mass., straight—time, 2:13½, 2:08¾ and 2:05¼. In a match with Joe Patchen.
Sept. 10—At Glenn Falls, in a match with John R. Gentry; lost.
Sept. 2—At New York; behind the money.
Sept. 18—At Medford, Mass., straight—time, 2:02½, 2:03½ and 2:03¾.
Oct. 1—At Boston, straight—time, 2:04¼, 2:04¾ and 2:05¾.
Oct. 7—At Lexington, straight—time, 2:03, 2:04¾ and 2:06½.
Nov. 17—At Philadelphia, straight; in a special match with Joe Patchen—time, 2:04½, 2:05½ and 2:06.

That Star Pointer will equal if not better his past record seems certain. His present weight of 1150 pounds, being no greater than his weight of last year when he was doing his fast work, shows him to be of solid flesh and close to perfect racing trim.

With the opening of the grand circuit races Star Pointer will be once more seen on the turf, and who knows but that in his present condition he may be able to beat his record of last year when he paced the mile in 1:59¼, the first and only time in the history of the pacing world that any horse had gone that distance inside of two minutes.

SHARKEY AND JEFFRIES.

Some Say Their Fight Should Have Been Declared a Draw.

SAN FRANCISCO, May 10.—It has been ascertained that 36 persons were injured, some fatally, by the falling of seats Friday night at the Sharkey-Jeffries fight. A great deal of disgust is expressed at the decision, many claiming the fight should have been called a draw. Sharkey fought a cleaner fight than ever before. Jeffries never allowed a chance for Sharkey to show his clinching methods. Jeffries fought well, forcing the fight from start to finish, but his judgment of distance was very poor, many blows falling on air. Both men lacked scientific methods.

MISSOURI TROOPS WAITING ONLY FOR TRANSPORTATION.

ompanies of the Second Regiment are Being Mustered In as the First Missouri Volunteers.

LIGHT BATTERY PREPARED FOR INSTANT DEPARTURE.

hysical Examinations of the Other Regiments Being Pressed Night and Day and Few Rejections Are Yet of Record by the Medical Board.

Battery Passed Into Muster With the Loss of Only Four Men and These Because Height Was Not Proportionate to Required Weight.

Telegrams from the War Department Tuesday afternoon direct that Missouri troops who were ordered Monday to report to Chickamauga as soon as mustered in be conveyed at once to Gulf points, where they can be quickly transported to Cuba. This means that the First and Second Regiments will be members of the army of invasion.

Adjutant-General Bell says it is preposterous to suppose that any of the Missouri troops can be sent from Jefferson Barracks Tuesday night and that interviews with him in which he is quoted as saying they will go are not authorized.

"I have no orders from Washington to start the troops moving to-night," he said. "It would come with bad grace for the Washington authorities to order me to send troops away this evening, when they are responsible for the delay in getting our regiments in camp and mustered in.

"I did receive a request from Washington to get two regiments and the battery in readiness for movement as soon as possible. But no time was set.

"I will comply with this request and will do all in my power to have the two regiments and the battery ready as soon as possible. But the examinations and mustering in will consume several days and no amount of hurry will shorten the time.

"I am anxious to get the boys mustered into the volunteer service, chiefly because done so without murmuring.

SHAVING UNDER DIFFICULTIES.

I want to get them on the payroll. They have been serving since orders came to mobilize at Jefferson Barracks, without pay, and I think it is a striking demonstration of their patriotism that they have

"The examinations and mustering in are going forward as rapidly as possible now, but it will be impossible to get any troops out of camp this evening."

The battery will leave Camp Stephens by Wednesday night. The delay in organizing ains is all that keeps the boys from start- to Chickamauga immediately.

Monday forenoon was one of suspense for members of Battery A. It had been n out early that a severe physical ex- ion was in store for everybody, and the order for none to leave camp gave every one to understand that the expected was soon to happen.

It was after 3 o'clock in the afternoon when the order to fall in was given by First Sergeant McGinnity. The men did not line up in sections as for drill, but alphabetically and in divisions, of ten men each.

Shortly after the order came for the non-commissioned officers to march to the pavillion that had been fitted up for the examining board. The pavillion was partitioned off into sections, with tent flies, and arranged to keep out the wind. The non-commissioned officers were given a thorough examination and all were passed.

Then it came the privates' turn. Five at a time they were marched into the canvased inclosure. They were at once instructed to strip absolutely to the skin. Overcoats were given to all and the men stood, with this covering around them, waiting their turn to be passed upon. The first step was the taking of the height. Five feet four inches was required of every man and all came up to that mark without trouble.

Next the man stepped upon the scales and was carefully weighed. Two pounds were required for every inch in height. It was here that four of the men fell out, being too tall by several inches for their weight.

A careful examination was next made of the heart, lungs and respiration. After that the man was enrolled and required to give the address of who should be notified in case of accident.

It was after 10 o'clock when Zeller, the last man, finished the examination, and then began a great celebration.

Ten roaring camp-fires were built around the camp. Wood was piled high and in a short while the neighborhood was as bright as day.

Everybody knew it was their last night in the Missouri National Guards, and they intended making it memorable.

Rank was thrown to the winds. Everybody understood this and Capt. Rumbold announced that no one had any stripes on his clothes until morning. For the time he was not Capt. Rumbold, but Frank, and the men Tom, Dick and Harry.

MAJ. CHARLES S. AUSTIN.

At first the members gathered around the different fires in small groups to talk of the events the following day was to bring. In a short while they began to gather in front of the captain's tent. The rope fence that heretofore had been a bar to the common foot of a private in those sacred quarters, was trampled down. Here was the brightest campfire and here the fun was thickest.

The old songs were all sung, not by a few with good voices, but by everybody. Between the songs speeches were made.

Capt. Rumbold, Lieuts. Eno, Murry and Weber all spoke, as did Sergts. McGinnity and McDonald, and even Geo. Fatum, the cook.

When the fire got low each of the 180 men marched to the woodpile and carried two gigantic sticks, which were put on the fire. The sight was one never to be forgotten. The men joked and laughed, but underneath it all was an easy-to-be-seen longing for loved ones at home. No one knew whether he would have a chance to go home or not before leaving St. Louis, perhaps forever.

It was after 2 o'clock when three rousing cheers were given for Capt. Rumbold and the other officers and then the members turned in to sleep, for, as many believed, the last time in Jefferson Barracks.

SWEARING ALLEGIANCE.

Infantry and Artillery Holding Up Hands for Uncle Sam.

Capt. Frank M. Rumbold was the first Missouri soldier mustered in the service of the United States regular army.

At noon Tuesday the buglers of Light Battery A sounded the assembly call. The men fell in line promptly.

There was no trace of the roughness in appearance that marked the men while in the State camp. Uniforms were scrupulously neat and blouses carefully buttoned.

The non-commissioned officers wore gauntlets and carried sabers. Hats were carefully straightened and eyes looked steadily to the front. Capt. Rumbold, with Lieut. Litcher Hardeman of the regular army, advanced from battery headquarters and gave the command, "Attention, Muster!" Ranks were opened and the battery was ready to pass from the service of grand old Missouri to that of Uncle Sam.

First Sergeant McGinnity called the roll. As each man's name was sounded he stepped forward two paces and responded, "Here," without saluting.

Not a man in line failed to respond. From Armstrong to Zeller each man stepped forward proudly and answered the roll call in ringing tones.

Even the practiced eye of Lieut. Hardeman could find no fault with the bearing and equipment of the battery boys. They were simply perfect, as the best light battery in the United States should be.

It was announced Tuesday morning that the battery would certainly start for Chickamauga Wednesday night.

Tuesday afternoon the boys will be given an opportunity to visit their parents, sweethearts and friends for the last time prior to their departure.

The spirit of the boys of Battery A is superb. This morning if any man in the battery had three lives he would cheerfully give them up—one for the flag, one for the battery, and one for Capt. Rumbold. After the muster assembly the men were sworn in in a body, taking the usual oath of allegiance and binding themselves to serve two years in the army.

At 8 o'clock Tuesday morning the work of examining the infantry volunteers was resumed. The 2d Regiment, by right of seniority, is being examined first. Work is progressing more rapidly than in the case of the Light Battery. When the Examining Board suspended operations at 2 o'clock Tuesday morning, Companies A and B of the 2d had been examined. Each company sent its full quota of 81 men to the surgeons. Six members of Company A were rejected. Of Company B six men were refused. Deficiency in height and eyesight caused most of the rejections.

The infantrymen are being put through a rigid test of eyesight. Those who wear spectacles will not be accepted.

RAPIDLY MUSTERING IN.

Second Regiment Goes Into Service as the First Missouri.

The examination of men was kept up at brigade headquarters until midnight. After the artillery boys had been put through the test, Companies A and B of the 2d Regiment, which, by the way, will go to the front as Missouri's 1st Regiment, were sent for and man by man they took their places before the surgeons. By midnight the Examining Board was thoroughly played out and the work was discontinued until Tuesday morning at 6 o'clock.

While the dew was yet glistening upon the grass blades and a chilly wind from the northeast was flapping the canvass sides of the pavillion, Company C of the 2d reported for examination Tuesday morning. This is evidence that the actual work of mustering in being railroaded through, although there is no tendency to slight important points in the rush.

The examination of the 2d can hardly be completed before Tuesday evening. Then the 1st will be called upon to undergo that which has kept every important and patriotic man in camp upon the anxious seat. Ere the medical test of the 1st is concluded, the trains will be made up, and there will be nothing left except for the conductor to cry "all aboard."

The start for Chickamauga may be looked for by Thursday morning, at the latest.

The rejections by the Medical Board are not given out for publication, but it is believed the 2d Regiment made an exceptionally good showing in proportion to numbers, fully as gratifying as the peerless record of Capt. Rumbold's men, but four of whom failed to make good.

WILL GO TO WASHINGTON.

Third Regiment Has a Telegram From Congresman Cowherd.

The 3d Regiment will be examined physically after the 1st has been gone over. Col. George Gross says he has no official knowledge of the disposition to be made of his regiment, but there is reason to believe that the 3d will be ordered to Washington, no matter what rumors are heard to the contrary. In fact, a private telegram from Congressman Cowherd to one of his constituents in Kansas City asserted that the 3d would be ordered to Washington as soon as the State troops were mustered in.

A BUCKING MULE.

Those members of the 3d who were let in on the contents of the telegram were sorely disappointed. What they wanted was the Philippines assignment, and what they at least expected was an order to Cuba, but to contemplate being reserved in Washington almost breaks their hearts. Adjutant Kurfiss fairly moped and fell into a fit of the blues Monday night, when it was suggested that the 3d would soon be tramping up Pennsylvania avenue, Washington's noted thoroughfare, en route to camp.

"I'd like to get orders now to start for San Francisco in the morning," he muttered.

As far as that goes every warrior on Barracks Heights would trudge off to San Francisco if the command were given. The boys of Light Battery A are not saying much, but they are downcast over the order assigning them to Chickamauga. The Dewey spirit in them won't down, and they are restless to go to the aid of the naval hero. Still they welcome any order to move at all. If it is possible to add to their impatient happiness it will be done when the train pulls Southward.

PREPARING DINNER AT FIRST REGIMENT HEADQUARTERS—

COOK IN THE HOSPITAL.

George Blundell Badly Blistered by Burning Grease.

Company D of the 1st Regiment had an important member in the hospital Monday evening. He was Private George Blundell, acting cook, and his hands were done up in bandages until he looked like he was wearing boxing gloves.

Private Blundell was a sufferer, like many other cooks, on account of a pan of hot grease. He was getting his kitchen in order for supper Monday evening, when he tipped over a large pan of sizzling fat, and in his effort to keep the fat out of the fire he blistered his hands and arms to the elbow. The accident will retire him from hard duty for several days, but is not at all serious.

GOES WITH THE 2D REGIMENT.

Dr. Thomas P. Welch Resigns From the City Hospital Staff.

Dr. Thomas P. Welch of the City Hospital staff has resigned his position to accept a place on the hospital corps of the 2d Regiment.

Dr. Welch was one of the physicians who passed the examination and his record was the highest. He was commissioned First Lieutenant.

Dr. Welch comes from Mayfield, Ky. He was graduated from the Barnes Medical College a year ago last March. Last May he was appointed on Dr. Sutter's staff.

READING THEIR BIBLES.

Company K Told They Must Learn the Ten Commandments.

The boys of Company K, 2d Regiment, who arrived at the barracks last week from Springfield, Mo., suddenly got a religious turn of mind Tuesday morning, and every Bible on the grounds was brought into use. The boys could be seen scattered around in groups of twos, reading their Bibles most attentively. Those who could not secure the inspired book wore a doleful look, for all had been told that a component part of Tuesday's examination would be the Ten Commandants, and all who could not recite them verbatim must drop out.

Quartermaster Nugent of Company M circulated the report early in the morning, telling the Springfield boys it was imperative that they learn the Commandments immediately if they wished to pass. After he saw the successful effect of his joke he gave them the laugh, and now every man in Company K is endeavoring to find means of retaliation.

SINCLAIR MADE A MAJOR.

Lieut. Marks Elected Captain of Company G, First Regiment.

Capt. Sinclair of Company G, 1st Regiment, has been promoted to the rank of Major, to succeed Hunicke. He is the senior captain in the State and has been 20 years a militiaman. He enlisted in the Branch Guards in 1878, and in 1884 was elected captain of the company, which he has since commanded. The company, through Lieut. Lund of Company H, presented Maj. Sinclair with a fine pair of gauntlets and spurs Tuesday morning.

First Lieutenant Marks has been made captain of Company G to succeed Sinclair; Second Lieutenant Crucknell promoted to be First Lieutenant and Sergeant Robinson to be Second Lieutenant.

FOURTH IS COMING.

Company K Arrives at the Grounds as Advance Guard.

The advance guard of the 4th Regiment arrived at Jefferson Barracks Tuesday morning.

It consisted of Company K, under command of Capt. Clay C. McDonald. The company, whose headquarters are at St. Joseph, was detailed by Col. Joseph A. Corby to prepare a camp for the remainder of the regiment, which will be in Wednesday morning. Company K is a splendid organization. It created a favorable impression as it marched into the reservation.

The camp of the 4th will be far removed from the big white city on the hill. The ground selected for them is just back of Battery A's camp, near brigade headquarters. When Capt. Rumbold's gallant boys

HEAVY DAMAGES ASKED

MISS OLIVE G. OTTO WANTS $100,000 FOR TRESPASS AND FALSE IMPRISONMENT.

THREE SUITS FILED TUESDAY.

Young Woman Who Was Arrested on a Charge of Embezzlement Seeks Vindication.

If Miss Olive G. Otto of St. Louis is victorious in three damage suits which she has begun in the East St. Louis City Court to vindicate her character, she will be just $100,000 better off in a worldly way.

Miss Otto is only 17 years old and was formerly cashier and stenographer in the East Side office of the Prudential Life Insurance Co., and under the supervision of Manager Phil Becker.

Miss Otto quit her job on the 19th of last February and the following week Manager Becker caused her arrest on a warrant charging that she had embezzled about $40 of funds belonging to the insurance company.

The fair prisoner was removed to the East St. Louis Police Station and locked in a cell 12 hours.

She stoutly asserted her innocence, but at the preliminary hearing Justice Driscoll held her for the St. Clair County grand jury. That body, at its April session, ignored the charge and refused to indict the girl.

To-day her attorneys, T. M. Mooneyham and C. B. Carroll, filed the papers in the damage suits in the City Court. Miss Otto is joined by her mother, Mrs. Isabella Otto, as plaintiff and sues as a minor.

One suit is for trespass and damages against the insurance company and Manager Phil Becker for $50,000. Another against Phil Becker for $25,000 for malicious prosecution. The third is also against the insurance company and Becker jointly for $25,000 for false imprisonment.

MISS OLIVE G. OTTO.

The cases will be tried at the August term of court.

DR. LEE MAY BE A BISHOP.

Sent For to Address the General Conference at Baltimore, May 19.

Rev. J. W. Lee, D. D., presiding elder of the St. Louis Conference, M. E. Church South, may be made a bishop by the General Conference now in session at Baltimore. If this is done it will be an honor bestowed on another member of the famous Lee family of which Fitzhugh Lee is a descendant.

Dr. Lee has been frequently mentioned for elevation to a bishopric by the denominational organs of the church and Dr. Lee has received a telegram from the General Conference asking him to deliver an address before the members May 19. These facts taken in conjunction with a private letter from Baltimore intimating that the conference contemplates such action seem to point to its fulfillment.

Dr. Lee is widely known in the denomination, personally and by his books. "The Making of a Man" is his best known work, but he has written several others, his latest being "The Romance of Palestine." He is a native of Georgia. In spite of his ability he has been content with a pastorate until raised to the dignity of a presiding elder by conference last fall.

MALT-NUTRINE

Is equally nourishing to the nursing mother who takes it and the babe who gets the indirect benefit. Malt-Nutrine is prepared by the famous Anheuser-Busch Brewing Ass'n, which fact guarantees the purity, excellence and merit claimed for it.

VIRGINIA BUILDING SOLD

Fair Grounds Real Estate Co. Bought It for $45,000.

Nicholls-Ritter Realty & Financial Co. closed the sale yesterday of the Virginia building. This building has a front of 36 feet on the south side of Olive street, by a depth of 100 feet, is situated just 40 feet east of Eighth street and known as Nos. 720 and 722 Olive street.

The building stands on leased ground and is occupied by the Columbia Phonograph Co.

The sale was made for Wm. Somerville to the Fair Grounds R. E. Co. Mr. Somerville was represented by the Mathews Real Estate Co., the consideration being $45,000.

College Athletics.

A distinguished writer in a pamphlet published by the Intercollegiate Athletic Association, says that an immense improvement in the moral and physical status of college graduates has taken place since the introduction of athletic games in college. In fact, the honor list of any college, if examined, will show the names of prominent athletes among the few who have earned that proud distinction. There is no reason why "brain and brawn" should be antagonistic. In support of this last proposition the action of that genial invigorant, Hostetter's Stomach Bitters, which in strengthening the body increases mental activity, may be authoritatively cited. This famous medicine overcomes the dyspepsia peculiar to persons of sedentary, inactive habits, yields sound refreshing sleep, and improves the appetite. It also remedies liver complaint, constipation, malaria, rheumatism, nervousness and kidney trouble.

National Convention of the Brotherhood of Locomotive Engineers to Be Held This Week.

Several hundred brave fellows whose courage is of the quiet kind that endures danger night and day, week in and week out, through years of faithfulness to duty, will meet in convention at the Olympic Theater Wednesday morning.

They are members of the International Brotherhood of Locomotive Engineers.

The headquarters of the order while the convention is in session will be room 311, Union Station.

Final arrangements for the convention were made Monday night by the Committee on Arrangements, composed of the following: H. A. Walter, chairman; M. J. Cunningham, secretary; J. W. Morrill, treasurer; Frank Mayer, Aaron Platt, John L. Pate, William Purcella, H. W. Webb, Geo. T. McCarty, George A. Clark, William E. Jones, Charles Hupschmidt and C. J. Walker.

P.M.ARTHUR,G.C.E. Cleveland Ohio
Mrs. W.A.MURDOCK, Pres. Intern'l Auxiliary

The Former Is Grand Chief of the Order and the Latter President of the International Auxiliary.

The ladies' auxiliary of the brotherhood has opened headquarters at the Terminal Hotel. The president of the International Auxiliary is Mrs. W. A. Murdock.

The grand officers of the brotherhood arrived Tuesday morning and are quartered at the Southern Hotel. They are: Chief P. M. Arthur, A. B. Youngson, A. G. C. E.; T. S. Ingraham, F. G. E.; C. H. Salmons, S. G. E.; D. Everett, T. G. E., and W. E. Futch, president of the insurance department.

This is the third biennial convention, and it will be in session three weeks, commencing at 9 o'clock Wednesday morning. Most of the sessions will be executive.

The important business is in regard to the insurance department, and a plan for a home for disabled and superanuated engineers.

Thursday afternoon at 2 o'clock there will be a jubilee reception at the Olympic. A piano solo by Prof. J. J. Voellmeeke will open it. Chaplain George R. Dority will pronounce the invocation. Divisions 42, 48, 49, 327, 428 and 487 will then welcome the delegates. Gov. Lon V. Stephens was asked to welcome the delegates to Missouri, but on account of press of public business he may not be present. Mayor Ziegenhein will do the honors for the city. Miss Jeannette M. Bell will sing a solo. Then will follow an address by William Taussig, president of the St. Louis Bridge Co., an address by Hon. Charles Miller, addresses by J. R. Graves, Mayor M. M. Stephens, East St. Louis, and A. B. Youngston, A. G. C. B. L. E., Rev. D. M. Fisk, a recitation by P. Fennell, "Sandy McGuire," the engineer poet. P. M. Arthur, G. C. E., will deliver an address and Rev. James T. Coffey will have the close. The programme will be freely interspersed with music.

Friday evening a public reception will be tendered the Grand International Auxiliary. A long list of entertainments has been arranged. They include a reception at the Southern Hotel May 14 at 8 p. m.; a sermon to the brotherhood at the Centenary M. E. Church by Rev. Dr. Mathews May 15 at 11 a. m.; a trolley party to the Suburban Garden May 16 at 7 p. m.; a special train to Mattoon, tendered by the management of the Big Four, May 18; a musical entertainment at the Olympic Theater May 19 at 7:30 p. m.; an excursion over the terminals and the Anheuser-Busch brewery, tendered by the management of the Terminal Railroad Association and the officers of the brewery, on May 20; a steamboat ride, tendered by the Wiggins Ferry Co., May 21; a sermon to the brotherhood at Compton Hill Congregational Church by Rev. D. M. Fisk May 22 at 11 a. m.; a ball and banquet at Union Club Hall, corner Jefferson and Lafayette avenues, tendered by the O. R. C. and B. of R. T., May 23; a banquet given in honor of Mayor Ziegenhein and the grand officers of the B. of L. at the Planters' Hotel, tendered by Henry Weaver, manager, May 24, at 8 p. m.; a reception at the Laclede Hotel May 25 at 8 p.m., and a musical entertainment at the Olympic Theater May 26 at 7:30 p. m.

leave for the South the members of the 4th will have no neighbors to chum with.

They hope to prove a counter attraction to the big show on the hill. Their band of 25 pieces is a fine one and will do its share in popularizing the isolated camp.

The company set to work at once putting up the tents, which reached the barracks several days ago.

The remaining companies are A, Carrollton, Capt. J. A. Black; B, Mound City, Capt. E. E. King; C, St. Joseph, Capt. Max Mainchein; D, Bethany, Capt. Joseph F. Slinger; E, Maryville, Capt. Ira V. McMillan; F, Hannibal, Capt. George C. Moore; H, Chillicothe, Capt. Frank S. Miller.

PRODUCERS.

DR. CRAWFORD TOO OLD.

Maj. Jackson Becomes Ranking Surgeon of the Second.

It is a fact in which Missouri can take pride that those of her sons who fell short of the high standard failed only in minor tests. Three men of the battery were a fraction under the prescribed weight, and the fourth was rejected solely because the sight of one eye was defective. "In a pinch," as the saying goes, every mother's son of them would have gone through so fast the wind would have whistled.

It was the same way with the infantry. No tendency to disease or organic trouble was found in the men. Those who were refused were acted upon solely in the matter of weight.

There was one notable rejection upon the ground of age. Maj. Crawford, surgeon of the 2d, and a medical man of enviable reputation in the State, found just one or two more years upon his fine shoulders than the Government permits to be carried. The announcement of the examining board caused regret to the 2d. Maj. Crawford is beloved by the privates as well as officers. He let go for the time being a handsome practice at home in order to offer himself to the country and his own disappointment is as keen as that of the officers who had counted on him to accompany them.

Maj. Jabez M. Jackson will be the ranking surgeon of the brigade. He met the requirements of the medical board like Dewey faced Manila. Maj. Jackson is 29 years old and is not married. Neither has he expectations. Of this he modestly assured a Post-Dispatch man while standing in brigade headquarters Monday night just after the high honors had fallen upon him.

Maj. Jackson is proud that he is a Missourian from start to finish. He was born in Missouri and what education he possesses—only a small consideration of a few academic and medical degrees—he was given in Missouri. He is a native of Franklin County, received his A. M. degree at Central University and his M. D. at Kansas City. He is a son of Dr. J. W. Jackson, formerly chief surgeon of the Missouri Pacific road, and a gentleman with a wide acquaintance in St. Louis.

Maj. Jackson is also secretary of the State Medical Board and was one of the vice-presidents of the Pan-American Medical Congress held in Washington in 1893. An interesting incident of his entrance into regular service is in connection with an old-fashioned English-made gold watch, which he carries. Maj. Jackson's father was a soldier and when he returned from the war in '65 with rank of major, he was presented with the watch which his son now takes into the army with the same rank.

The board examining the regiments is composed now of Maj. Jackson, senior surgeon, and Assistant Surgeons Wilson, Stern and Welch. The assistants take the rank of Lieutenant.

Lieut. Wilson comes from the 3d Regiment and Lieut. Stern from the 2d. Lieut. Welch was, until recently, when he resigned his position, an interne in the St. Louis City Hospital. This board, including Maj. Jackson, passed the stiff examination, Monday, put up by the board, composed of Capt. Griffith, U. S. A. Medical Department, formerly Col. Griffith, ex-Surgeon-General of the State, and Dr. Garrison.

HOSPITAL STAFF DISRUPTED.

Surgeon Pesold Resigns and None Ready to Succeed Him.

The 1st Regiment has been unfortunate thus far in its preparations to go to war. Its band was disorganized before it went into camp and now its hospital corps is disrupted.

There was no place for the regiment hospital staff in the examination of physicians held Monday afternoon. Almost at the last moment Capt. Pesold, the only member of the hospital staff qualified to stand an examination for promotion to the rank of major) tendered his resignation. None of the other surgeons of the regiment were given an opportunity to stand the examination, the preference being given to outside applicants.

These were not permitted to take the rank of surgeons, but were destined for appointment as assistant surgeons, with the rank of lieutenant. The only one who passed was Dr. F. P. Welch, an interne at the City Hospital. Though a civilian, Dr. Welch passed a strict examination with great credit and received his commission as a lieutenant.

In actual service two surgeons with the rank of Major are required for each regiment. There is much speculation as to the selection of a man to fill the one remaining vacancy in this grade, Capt. Ewing of the regular army having already been placed in charge of the First's hospital corps with the rank of Major.

The camp hospital is now being operated by the few remaining members of the corps with Steward W. H. Quarles in charge.

Now that the other regiments have come into camp the officers and men of the 1st feel keenly their lack of a band.

Two superb bands are on the ground, and another will come in with the 4th. The spirit of these bands is fine. They are with the boys of their respective regiments to a finish. Their desire to go to war is as earnest as that of any man in the ranks. They are in marked contrast with the band of the 1st, which refused to even go into camp with the boys. The excuse given by one of the members was typical. At the armory, on the night the last appeal for volunteers was made, this man, an "oompa" horn-player, responded to the call by saying he had paid $23 for his horn, and he didn't propose to risk losing or breaking it in the service of his Government.

The 1st is also without a chaplain. One would judge from the staff officers' air of superiority to everything on the hill that a chaplain would be an unnecessary adjunct.

COL. SMITH HAS NO ORDERS.

Troops May Be Moved Directly by the War Department.

Lieutenant-Colonel Smith, department quartermaster, said Tuesday that he had not been ordered to make any arrangements for the moving of the artillery.

"I have received no instructions from the Quartermaster-General," he said, "and I shall do nothing until I am ordered. I do not know whether all that will be arranged by the barracks quartermaster or in Washington, or by me. All I do know is I am without orders and know nothing whatever of the proposed disposition of the Missouri troops."

HOW TO ADDRESS LETTERS.

Important Information for the Loved Ones at Home.

Here is a point for the folks at home to bear in mind while addressing letters to relatives and friends in the field:

Do not omit to write plainly upon the envelope the company letter as well as regiment. For instance:

RICHARD ROBERTSON,
Private Co. B,
First Reg. Mo. Volunteers,
Chickamauga Park,
Tenn.

Unless this is done letters are more than likely to go astray.

AN INCIDENT OF CAMP.

Colonels Differ From the Governors of Fame.

The Colonel of the 1st Regiment called on the Colonel of the 3d Regiment Monday afternoon, to pay his respects.

Col. Gross of the 3d Regiment is an affable gentleman. He said he was glad to see the Colonel of the 1st Regiment. He probably was. All the officers in camp have convulsions of delight when they see the Colonel of the 1st Regiment. If they see him before he sees them they are usually so overcome with delight that they are unable to meet him. Col. Gross did not see the Colonel of the 1st Regiment first. He produced a small bottle and proffered it to his visitor. The Colonel of the 1st Regiment straightened himself up and said:

"No, sir; I never set a bad example to my staff in camp."

Col. Gross, with his well-known stammer, replied hotly:

"C-c-colonel, if I had a m-m-man on my st-st-staff that c-c-couldn't drink without m-m-making an ass of himself I'd k-k-kick him out of c-c-camp."

"Humph!" responded the Colonel of the 1st Regiment.

And the incident was closed.

Got In His Work Quickly.

Edward Morgan, a cook at Milford's restaurant, was arrested Monday for disturbing the peace of a colored woman. Hearing that he had left some silverware at Teichman's saloon for safe keeping the police investigated. The property, valued at $10, was identified by Mr. Milford as his. A charge of larceny was then placed against Morgan. He only entered Milford's employ last Saturday.

The Standard's Usual Good Show.

The Standard's supplementary season is beginning well with Nina Diva as the star attraction. An entertaining olio is presented, and the burlesque "Les Amants de Paris" suffices to introduce a regiment of statuesque women in startling costumes.*

STRONG STATEMENTS.

Three Women Relieved of Female Troubles by Mrs. Pinkham.

From Mrs. A. W. Smith, 59 Summer St., Biddeford, Me.:

"For several years I suffered with various diseases peculiar to my sex. Was troubled with a burning sensation across the small of my back, that all-gone feeling, was despondent, fretful and discouraged; the least exertion tired me. I tried several doctors but received little benefit. At last I decided to give your Lydia E. Pinkham's Vegetable Compound a trial. The effect of the first bottle was magical. Those symptoms of weakness that I was afflicted with, vanished like vapor before the sun. I cannot speak too highly of your valuable remedy. It is truly a boon to woman."

From Mrs. Melissa Phillips, Lexington, Ind., to Mrs. Pinkham:

"Before I began taking your medicine I had suffered for two years with that tired feeling, headache, backache, no appetite, and a run-down condition of the system. I could not walk across the room. I have taken four bottles of the Vegetable Compound, one box of Liver Pills and used one package of Sanative Wash, and now feel like a new woman, and am able to do my work."

From Mrs. Mollie E. Herrel, Powell Station, Tenn.:

"For three years I suffered with such a weakness of the back, I could not perform my household duties. I also had falling of the womb, terrible bearing-down pains and headache. I have taken two bottles of Lydia E. Pinkham's Vegetable Compound and feel like a new woman. I recommend your medicine to every woman I know."

CAUGHT BY A MACHINE BELT.

Walter Koske Sustains a Fractured Skull and Will Probably Die.

Walter Koske, employed at the Missouri car shops, 2800 Dekalb street, was picked up by a ponderous leather belt Monday evening, twirled around in one mighty revolution and tossed aside like a discarded plaything. He fell 18 feet, striking his head upon the floor with violent force.

Other employes of the place picked Koske up and sent him to the City Hospital. His skull is fractured and the doctors say his chance of recovery is slim.

Merchants' Exchange Directors.

The May meeting of the directors of the Merchants' Exchange was held Monday. A telegram was read from the Merchants' Association of New York asking the Exchange to join in a protest against the Senate bill cutting down the mail delivery system to four deliveries a day. The President was authorized to write the Missouri Congressmen, calling on them to make a united protest against the proposed amendment. Nine new members were received by transfer and two certificates of deceased members ordered redeemed. The president was to join other commercial bodies in inviting the Grand Lodge of Elks to hold its next session in St. Louis.

Police Relief Benefit.

President T. J. Donegan and Secretary John Lally of the Police Relief Association state that the net sum realized from the police benefit entertainment at Exposition Music Hall during the week of April 25 was $9,113.35, which, in view of the stringency of the times and the impediments that had to be overcome, the executive committee regard as a success. They return their sincere thanks to the public for its liberal patronage and to the press of the city.

If the Post-Dispatch were not the great home paper of this Imperial City it could not make such a showing as this: 6323 Rooms and Board, Houses and Flats ads were printed in P.-D. Wants during April; 20 per cent more than last year and 151 more ads than all the other local English papers combined during April of this year.

LEMON TREE IN HIS BOWELS.

John Schumacher's Extraordinary Internal Shrubbery.

Two most extraordinary cases that have come under the observation of City Dispensary physicians lately have attracted keen interest among local medical men. Several days ago the Post-Dispatch published an account of a jockey, who went to the dispensary almost in spasms, and declared that an earwig or centipede was devouring his gray matter, and how Dr. Helwig relieved him by extracting from the right ear an oat grain that had sprouted and was nearly an inch long.

The jockey had come all the way from San Francisco in a stable car, and the oat grain had gotten into his ear while he was asleep.

But now comes the case of John Schumacher, treated by Dr. M. R. Hughes at the dispensary Sunday, that for verdure of growing grain surpasses that of the little jockey.

Schumacher was in convulsions when taken to the dispensary, and declared he would do away with himself unless relief came quickly. He said for a week he had suffered unspeakable agony from severe griping in the bowels. He had taken various remedies, but the pain grew all the worse and he could not endure it much longer.

Schumacher gave this outline of his affliction between groans, as the tears streamed down his cheeks.

Dr. Hughes tried several counteractants to allay the poor fellow's misery, without avail, and finally decided to give him a drastic purgative. This had the desired effect.

Schumacher had swallowed a lemon seed and it had sprouted in his bowels. It was a thriving piece of shrubbery, nearly four inches high, with three prongs.

Dr. Hughes states that it is the first instance within his knowledge of a person walking about with a growing shrub in his abdominal region.

Schumacher was weak and emaciated from his lemon tree growing, but is rapidly recovering.

WITH A BASEBALL BAT.

Pauline Dacy's Arm Broken While Defending a Helpless Girl.

Pauline Dacy of 209 South Sixteenth street, a comely young woman, was a patient at the City Dispensary Monday night to have a compound fracture of her right forearm treated.

She told Dr. Newcomb that her neighbor, Dan Dolan, was giving his young sister an unmerciful beating on the sidewalk when she interfered in behalf of the helpless girl. Dolan seized a base ball bat and struck Pauline on the arm, breaking both bones.

Dolan escaped arrest.

Wendling on Stonewall Jackson.

George R. Wendling will deliver a lecture Tuesday night, May 10, at St. John's M. E. Church South, Twenty-ninth and Locust streets, on "Stonewall Jackson," for the benefit of the Woman's Christian Home.

Is the baby too thin?

Does he increase too slowly in weight?

Are you in constant fear he will be ill?

Then give him more flesh. Give him more power to resist disease. He certainly needs a fat-forming food.

Scott's Emulsion is just that food. It will make the baby plump; increase the weight; bring color to the cheeks, and prosperity to the whole body. Thin children take to it as naturally as they do to their milk.

CITY PRINTING.

Office of the City Register,
City Hall, May 9.

Pursuant to the requirements of the Charter and ordinances of the City of St. Louis, sealed proposals will be received at the office of the undersigned until 12 o'clock noon, and opened

SATURDAY, MAY 21, 1898,

from publishers of newspapers in the City of St. Louis having an uniform daily circulation of over three thousand (3000) copies, for the city printing for one year, one published in the English language and one in the German language. Said bids must propose to do the printing and advertising required by law and ordinances to be done in the newspaper, including Mullanphy Relief Fund, Collector's office and Board of Election Commissioners, at an uniform price per line. The printing must conform to the following, viz.:

Size, character and name of type, Nonpareil. Minimum length of line, twenty-six (26) ems. Minimum width of column, thirteen (13) ems pica. Character of the measurement to be employed, Nonpareil.

The papers published in the English language bidding shall also state in their bid at what cost and price per page they will print two hundred (200) copies of proceedings of the Municipal Assembly, as may be published in such paper, in pamphlet form (no blank pages to be counted), and deliver same within two days after each meeting to each House of the Municipal Assembly; also, at what price per page they will print and deliver one hundred (100) copies of the proceedings of the Board of Public Improvements, as may be published in the newspaper, in pamphlet form (no blank pages to be counted); also, what price per page they will print and deliver fifteen hundred (1500) copies of the ordinances as may be published in the newspaper, of an uniform size, suitable for binding in the customary form (no blank pages to be counted), the foregoing pamphlet work to conform in all respects to samples on file, and to be seen by bidders in this office.

Bidders will be required to deposit with the City Treasurer the sum of five hundred dollars ($500), and attach the Treasurer's receipt to each bid; also, an affidavit that the daily circulation of the paper is three thousand (3000) copies or more.

No bid shall be considered in which there shall be an erasure or interlineation.

All bids must be indorsed "Proposals for City Printing."

Bids will be opened at the office of the City Register.

The City Register reserves the right to reject any or all bids.

A bond of ten thousand ($10,000) dollars will be required for the faithful performance of the contract.

The English paper receiving the contract will be required to furnish seventy-five (75) copies of the daily paper and twenty (20) slips of each advertisement made by the Register free of charge to said Register; also, twenty-four (24) slips of each advertisement made by the Commissioner of Supplies free of charge to said Commissioner. The German paper receiving the contract will be required to furnish sixty (60) copies of the daily paper free of charge to the Register.

HENRY BESCH,
Register.

THE MARKETS.

ST. LOUIS, May 10.

As a result of the sensational advance there was only one small failure in St. Louis and one heavy failure in Chicago.

Stocks of wheat in public and private elevators in Chicago are 3,635,000 bu. Corn stocks aggregate 11,721,000 bu, and stocks of oats are 2,169,000 bu.

The Government crop report for May, which is expected to be out this afternoon, will give the condition of winter wheat and possibly the acreage. The condition for April was 86 and last year it was 81.4 per cent.

The Orange Judd Farmer, in its May crop report, makes the condition of winter wheat 87.8 per cent, as compared with 89 last month and 82.4 per cent a year ago.

A Chicago dispatch says that the Agricultural Department makes the world's wheat crop for 1897 2,214,000,000 bu, 214,000,000 bu less than in 1896, and 332,000,000 bu less than in 1894.

Receipts of wheat at Liverpool for the past three days were 540,000 bu, of which 393,333 bu were American. Receipts of corn for three days were 310,833 bu.

Liverpool cables that, owing to the high prices for wheat, the consumptive demand is very disappointing. Liverpool speculative markets, however, are active and very nervous.

Opening cables were:

Liverpool—Spot wheat, firm, 3d lower; futures, irregular, 1¼@5¾d higher. Corn—Spot firm, ¼d higher; futures steady, 1@1¾d higher.

London—Wheat cargoes off coast, nothing doing; on passage, red wheat selling at an advance of 1@2d. Corn cargoes off coast, nothing doing, 6d to 1s higher; on passage sellers and buyers apart, 6d to 1s higher.

Paris—Wheat firm, 5@10 cms higher; flour, firm; 15@25 cms higher.

WHEAT.

The market was weak and lower at the opening to-day and trading was very light. Opening Liverpool cables were higher, but later cables were lower, and the market showed more nervousness and less strength than for several days. The failure of Germany and Austria to remit the duty on grain also tended to depress prices, but there was no pressure to sell.

Crop news was generally bearish, but traders were inclined to hold off until after the Government report is received. Local receipts were heavy and receipts in the Northwest large, but local stocks are decreasing rapidly.

Receipts at primary points to-day were 553,892 bu, as compared with 375,836 bu a year ago. Shipments from these points to-day were 509,331 bu, as compared with 333,548 bu a year ago.

Receipts at Minneapolis and Duluth to-day were 411 cars, as compared with 499 cars for the corresponding date last year.

Receipts at St. Louis to-day were 25,253 bu, as compared with 30,775 bu a year ago. Of these receipts 646 sacks and 31 cars were local, as compared with 100 sacks and 31 cars local a year ago.

July wheat opened at $1.10, 1½c lower than yesterday's close. It was offered down to $1.08¼, sold up to $1.10, down to $1.09¾, up to $1.14½, down to $1.12½, up to $1.14, down to $1.13½, up to $1.14, down to $1.13¼, up to $1.14, down to $1.13½, had $1.13¾ bid, sold down to $1.13½, was bid up to $1.14, then was offered down to $1.12¾, was bid up to $1.13, sold at $1.12 and on call was offered down to $1.11, but sold at $1.11½.

September wheat opened at 90½c asked, was offered at 90¼c, had that bid, was bid up to 91¼c, sold at 91c, up to 92c, was bid up to 92⅜c, sold at 92c, was offered down to 91½c, was bid up to 92¼c, sold down to 91½c, was offered at 90½c and stood at that at call time.

May wheat opened at $1.40 asked, with no sales before call.

December wheat opened at 86c bid and was bid up to 88c, with no sales before call.

Spot Grades—On call No. 2 red wheat had $1.25 bid regular and $1.30 bid East side, and was offered at $1.39.

No. 3 red sold at $1.20 and No. 2 hard had $1.17 bid, with none offered.

The sample market was strong and higher early, but weakened and declined later.

No. 2 red sold on track at from $1.35 early down to $1.30 later.

No. 3 red sold at the wide range of from $1.30 down to $1.25.

T. B. Morton of Messmore, Gannett & Co. sold a car of fancy No. 3 red wheat at $1.39, which is the highest price received for cash wheat in St. Louis since 1882, and 4 cents higher than was received for No. 2 red wheat to-day.

Clearances of wheat and flour to-day were equal to 530,000 bu.

Bradstreet makes the visible supply of wheat east of the Rockies decrease 1,213,000 bu, the visible in Europe and afloat decreased 4,700,000 bu and the world's visible decreased 5,913,000 bu.

Corn decreased 2,142,000 and oats decreased 1,657,000 bu.

Closing cables were:

Liverpool—Spot wheat, 1d higher; futures, 2¼@3d higher. Corn—Spot, ½d lower; futures, ⅝@½d lower.

Paris—Wheat, 60@75 cms higher; flour, 65@80 cms higher.

Antwerp—Wheat, 50 cms higher.

After call the market was wild and erratic and fluctuations were extremely wide, but later the market broke and sold down from $1.13 to $1.02 and was offered down to $1.00½, but rallied and sold up to $1.06.

After selling at $1.00½ July wheat rallied and was bid up to $1.06½ and closed at $1.06.

September wheat sold down to 87½c, was offered at 87¼c and closed at 89c bid.

May wheat had $1.32 bid, with $1.40 asked.

December wheat had 86¼c bid and closed at 85¼c nominal.

CORN.

The market in corn was also lower at the opening and fluctuations were both frequent and wide. Local receipts continue heavy, but the cash demand continues good. Cables were higher and the foreign demand is active. Clearances were heavy and planting is being delayed by the bad weather.

Receipts at primary points to-day were 885,076 bu, as compared with 318,000 bu a year ago. Shipments from these points to-day were 1,396,644 bu, as compared with 159,000 bu a year ago.

Receipts at St. Louis to-day were 140,270 bu, as compared with 39,200 bu a year ago. Of these receipts, 2108 sacks and 42 cars were local, as compared with no sacks and 29 cars local a year ago.

May corn opened at 35¼c bid and sold at that.

July corn opened at 35½c, ⅜c lower than yesterday's closing bid. It sold down to 35c, up to 35½c, down to 35⅛c, was bid up to 35⅝c, was offered down to 35¼c, had 35¼@⅜c bid, sold at 35¼c, had 35⅛@⅜c bid, sold at 35¼c and was offered down to 35c, where it stood at call time.

Sept. corn opened at 36c, ¼c lower than yesterday's closing bid. It sold at 36¼c, down to 36c, and was offered down to 35⅝c, where it stood until call time.

Spot grades—On call No. 2 corn had 34c bid regular, and 34½c bid Farmers', with 35½c asked regular. No mention was made of any of the other grades.

The sample market was strong and higher. No. 2 corn sold at from 30c to 36½c on track, and No. 2 white corn sold at the same price.

Clearances of corn to-day were 1,037,486 bu.

After call the market was very nervous, but later weakened, in sympathy with wheat. July corn, after fluctuating wildly for awhile, sold down to 34c and closed at 34⅛c.

September corn was offered down to 34½c and closed at 35c bid.

May corn was offered at 35c and closed at that bid.

OATS.

Oats were neglected in the pit before call, the only mention being an offer of May oats at 27c, with no bids.

Local receipts were heavy, but the cash demand was good.

Receipts at St. Louis to-day were 49,935 bu, as compared with 49,735 bu a year ago. Of these receipts, 147 sacks and 267 cars were local, as compared with 34 sacks and — cars local a year ago.

Spot grades—On call No. 2 oats had 33c bid regular, with none offered, and the other grades were not mentioned.

The sample market was strong and higher.

No. 2 white oats were worth from 35½c to 36c, No. 3 white oats from 34c to 35c and No. 4 white sold at 33½c. No. 2 mixed oats were worth 33c on track and No. 3 mixed sold at 32½c. No. 3 oats (color) sold at 34½c on track.

May oats were offered at 33½c. July oats had 26½c bid and 27c asked, and September oats had 23½c bid and had 23⅞c asked.

RYE.

Receipts, 714 bu; shipments, 3840 bu.

On call there was no rye offered and no bids.

Wall Street.

NEW YORK, May 10.—Americans were heavy in the London market this morning, which affected the opening here. Losses were the rule, but they were confined to a small fraction, except in Sugar, which lost nearly a point. St. Paul sold at a decline of a half, but vigorous support promptly wiped out the loss.

Active demand by commission houses brought about an improvement in prices, but offerings to realize were on a heavy scale and selling for foreign account was also a feature. The resultant losses, however, were not large, except in isolated cases. Business generally was less animated than yesterday. The Wheeling & Lake Erie shares were notably strong, the preferred gaining several points.

Large buying orders were invited by the concessions resulting in a slight upward movement of prices to the best. The buoyancy of the wheat market had a sympathetic effect on stocks. Sales up to noon, 217,250 shares.

The bond market was rather heavy on a moderate volume of transactions.

Money Market.

NEW YORK, May 10.—Noon—Money on call nominally at 2½ per cent; prime mercantile paper, 6@7 per cent. PREPARATIONS FOR DEWEY DAY.

Judge William F. Dewey of Cairo Will Speak.

EVERYBODY REQUESTED TO CARRY AN OLD GLORY.

NO BIG PROCESSION, BUT HALF A HUNDRED SOCIETY PARADES.

ONE GRAND CHORUS WILL GIVE "AMERICA."

Mayor Ziegenhein Busy With the Arrangements for Next Saturday's Celebration at Forest Park.

The responses pouring in on the Mayor in answer to his "Dewey Day" proclamation assure him that the event will meet the expectations of the most enthusiastic admirers of the hero of Manila and his gallant sea fighters.

Representatives of various societies and associations are hourly calling on the Mayor asking to be recognized on the programme. Details are being arranged by a number of singing societies to organize a grand chorus of several thousand voices, to open the exercises by singing "America," and the music will be furnished by a band of 150 pieces.

The Fair Grounds management, through Secretary Robert Aull, tendered the Mayor the use of its grounds for "Dewey Day," but the Mayor decided that the celebration had best take place in Forest Park.

The location of the grand stand will be just east of the Post-Dispatch Lake, on the hill to the west of the Cottage. The eminence will place the stand in a natural amphitheater, where thousands can see and hear all that takes place.

The Mayor received a call Monday evening from the association of colored preachers in the city, asking that their race be allowed to designate two speakers for the occasion. This was readily agreed to and the speakers named are Gen. J. Milton Turner, ex-United States Minister to Liberia under President Grant, and Rev. R. H. Cole, both well known orators. The selection of other speakers will probably be made Wednesday.

It has been decided not to have any regular line of march, but all societies and organizations that choose to form in line and march to the park with banners and music can do so.

The Mayor is particularly anxious that every person, little and big, young and old, shall carry a flag, and he hopes to see not less than 100,000 "Old Glorys" wave in unison to the strains of "America" and other patriotic songs.

The Mayor will commence the exercises exactly at 2 o'clock in a brief and patriotic speech; and the music, songs and speeches will not conclude probably until 6 o'clock.

Judge William F. Dewey, a relative of Rear Admiral Dewey, living at Cairo, Ill., has kindly responded to an invitation extended him by Mayor Ziegenhein through the Post-Dispatch, and will be present at the Dewey celebration. In the speech which he has consented to make the Judge will tell something of the personality of his distinguished kinsman. Following is the telegram sent him:

> St. Louis, May 9.—Judge Dewey, Cairo, Ill.—The Mayor requests us to wire you asking if you will deliver an address in this city on Saturday, May 14, Dewey Day. POST-DISPATCH.

To this telegram Judge Dewey sent the following reply:

> Cairo, Ill., May 9.—Post-Dispatch, St. Louis, Mo.: Will accept invitation to speak at St. Louis Dewey Day. WM. F. DEWEY.

It is expected that Judge Dewey's appearance and speech will be one of the most interesting features of the Dewey Day programme.

John A. Nolan, secretary and treasurer of the Walsh Zouaves Fife and Drum Corps, has sent the Post-Dispatch the following kindly letter:

> At a meeting held by our corps we have unanimously decided to tender our services, through you, to the Press Club and escort them in next Saturday's demonstration—"Dewey Day," in case they are to participate in the celebration. If not, we are willing to accept and tender our services to any organization you may suggest, as we are willing at all times to aid the Post-Dispatch in all its undertakings, and especially that which will be celebrated next Saturday—the great "Dewey Day."

The Burlington lines have made special rates for next Saturday. L. W. Wakeley, general passenger agent, issued the following circular Tuesday:

M'BRIDE'S BIG DAY.

AN OLD MERCHANT ELOPES AND TRIES TO JUMP FROM THE BRIDGE.

LOST HIS BRIDE MEANWHILE.

Has a Large Celebration of the Several Incidents and Winds Up at the Hospital.

Andrew McBride, 61 years old, a coal dealer living at 1401 North Sixteenth street, is in the City Hospital ruminating over a series of unusual experiences that befel him Monday.

It was a great day and several days may elapse before Andrew is himself again. He started out by eloping to East St. Louis, where he and Mary Kelley were wedded. Then he celebrated the event by getting drunk. Then followed three attempts at self-destruction by leaps from the middle span of the Eads Bridge. The police interfered each time, and the last time the gay and festive Andrew was arrested and sent to the City Hospital for observation.

Mr. McBride was duly sober Tuesday when he grasped the iron doors and thrust his nose between the bars to talk to a reporter. He is a large man, with iron gray hair and beard. He prepared for his wedding by getting a haircut in a style all his own. He got a pair of horse-shears and did the trick by himself. It looks as though he wearied before he finished and let it go at that. On one side the hair was amputated at the skin, while on the other it was trimmed a la Buffalo Bill.

"Oh, I am feeling as fine as a fiddle this morning," said Mr. McBride, "and I want to go home. Yes, yesterday was a pretty day for me. Me and Mary Kelley, we got married. You see, we have been living in the same house for a long time and I got tired of keeping batch. We were afraid to get married here for fear the gang would make it warm for us. So we went across the river. We got the 'Squire to go with us and get the license. Then he hooked us up.

"I was walking along on the street and what do I see, a laying right in the middle of this sidewalk but a $5 bill. Of course I got my mitts on it. Then I figures it that the money belongs in East St. Louis. I did not know who it belonged to, so I just thought I would divide it up among the saloons. Pretty soon most of the money was gone and I was gloriously drunk. I don't know what became of the old woman. I left her to take care of herself.

"Then I thought about that fellow Steve Brodie, jumping from the bridge and making a name for himself. Why shouldn't I do the same thing? The trick has been done, and can be done again. I would have done it yesterday if the fool policeman had kept away. I am a good swimmer, and a bath would not have hurt me.

"What became of the old woman? I don't know. She's at home, I reckon. She was down to see me last night, but I told her that when I got good and ready I would go back to her."

Handsome.

Of all trains now running out of St. Louis the new Wabash Banner Limited to Chicago at 9:05 p. m. is the finest.

STRUCK BY SUBURBAN CAR.

An Old Expressman's Narrow Escape From Death.

Louis Krodwig, 65 years old, an expressman living at 2845 Salena street, had a narrow escape from death Monday morning.

His wagon was overturned and dragged a distance of 60 feet by a Suburban car.

The old man was in the vehicle at the time, but received no more serious injury than a few abrasions of the skin on his face and hands.

He was driving west in the track on Morgan street between Grand and Spring avenues, about 8:30 o'clock, when car No. 71, going in the same direction, struck the wagon.

Motorman Burgess rang his bell, but the old man did not hear. The car was on a down grade and refused to answer the brake, owing to the slippery rails.

The wagon was almost totally wrecked, but the horse went through the accident unscathed.

Krodwig was sent home in an ambulance.

Arthur has arrived here from Hagar, Lincoln County, and reports a cyclone having devastated the country between here and Clifton Sunday morning, destroying ten houses and wrecking as many more, and badly injuring six people, as follows: Mrs. Quinett, cut in head; Henry Quinett and Minnie Quinett, backs hurt; Mr. Wells, back injured by falling timbers; Mrs. Flowers, hurt internally and cannot live; Mrs. John Bolan, hurt internally by falling timbers.

CUPID AND DEATH.

It is a pitiful truth that in a tremendous percentage of cases love and death claim a young woman at the same moment. If a young woman's mother does not feel competent to give her daughter the right advice about how to keep herself well and strong in a maidenly way, she should seek the advice of some physician of years of wide experience, and of substantial reputation. A young woman naturally does not like to be a subject of discussion, examination and the horrible local treatment of a home doctor. Moreover, obscure physicians make the mistake of attributing her ills to indigestion, or heart or liver trouble, when the real cause is weakness or disease of the delicate organs concerned in wifehood and motherhood.

The embarrassing examinations and local treatment upon which most doctors insist, are nine times in ten entirely unnecessary. Dr. Pierce's Favorite Prescription acts directly on a woman's special organism and makes it strong and healthy, and competent to bear the strain of wifehood and motherhood. It allays inflammation, soothes pain, heals ulceration and stops debilitating drains. It banishes the sufferings of the period of expectancy, and makes baby's arrival in the world easy and almost painless. Good druggists recommend it. Letters addressed to Dr. R. V. Pierce, Buffalo, N. Y., are sacredly confidential.

"It has been nearly four years since I took Dr. Pierce's Favorite Prescription," writes Mrs. C. C. Clark, of New Rome, Floyd Co., Ga., "and there have been no signs of any return of female complaint. I am now fifty years old and can walk two miles and one-half, and to-day am as well as ever. I have used Dr. Pierce's Pleasant Pellets, and found them as good as recommended."

Look glum and feel glum? That's biliousness and constipation. Dr. Pierce's Pleasant Pellets are a sure, speedy and permanent cure. They never gripe. At all medicine stores.

A VICTIM OF GOITRE.

Josie Young Doomed to Almost Certain Death by a Rare Affliction.

Josie Young of 1603 Olive street, who is only 25 years old, is condemned to a lingering death by goitre in the throat, which Dr. Kearney of the City Dispensary pronounces one of the largest and most malignant that ever came under his observation.

Goitre, an affection of the thyroid gland, he says, is rare in this country, but is common in Switzerland, where it is attributed to a germ that comes from the water, lodges in the thyroid gland and enlarges it to enormous size, often as big as a football. In Switzerland, as in this country, the goitre is considered fatal. One of its peculiarities that has puzzled physicians is the connection between it and the sufferer's brain. If permitted to grow the victim becomes violently insane in some instances, while in others they become morosely imbecile. On the other hand, surgeons have been unsuccessful in removing them, as the patient generally bleeds to death from the incision.

The goitre in Josie Young's throat is double the size of an orange, and is rapidly increasing in size. Dr. Kearney says the woman's suffering is intense. He is endeavoring, both by external and internal remedies to reduce the goitre, but fears that his patient is doomed.

FALL OF CAMP JACKSON.

Anniversary of a Tragedy of the Civil War Occurs Tuesday.

Tuesday is the anniversary of the surrender of Camp Jackson. May 10, 1861, the Missouri militia mobilized in the neighborhood of Olive street and Grand avenue, then a wilderness, was surrounded by Gen. Lyon and after they had laid down their arms 46 people, men, women and children, mostly innocent spectators, were killed by a volley from Lyon's men, fired under a misapprehension, and under whose orders has never been fully ascertained.

Among those captured in the surrender were several whose names are still familiar in St. Louis, notably those of Samuel M. Kennard, Jerome Hill, Joseph Boyce, Benjamin Von Phul, Alexander A. Lesueur, Given Campbell, W. P. Barlow, A. J. P. Garesche and many others.

It is a coincidence that the closing paper of Capt. Joseph Boyce on "The Local Military Organizations of St. Louis From 1809" should be delivered on such an anniversary. It will be read Tuesday night before the Missouri Historical Society, 1609 Locust street.

At the St. John's M. E. Church, Twenty-ninth and Locust streets, Hon. George R. Wendling will deliver his famous lecture on "Stonewall Jackson" for the benefit of the Women's Christian Home, "Summer Rest."

MRS. HARRIS WENT AWAY.

Mr. Harris Was Absent and Asks the Police to Help Find Her.

The police are searching for Mrs. Henry Harris, 24 years old, who, her husband says, packed her trunk during his absence Monday morning and disappeared from their home, 1307 Washington avenue. She took her two little children. Harris has no idea, he says, what prompted his wife to leave.

CHEAP FUEL

FOR COOKING STOVES OR RANGES.

Before purchasing stoves or ranges for SUMMER COOKING, investigate comparative cost of STOVE GASOLINE versus Coal Gas. FIVE GALLONS of STOVE GASOLINE for cooking purposes is equivalent to 1000 cubic feet of gas; therefore it is cheaper than gas. GASOLINE STOVES are for sale by all STOVE DEALERS, and GASOLINE is handled by all GROCERY STORES.

GAS FOR FUEL.

Before deciding what kind of fuel you will use for cooking during the hot summer months think over the following figures taken from Whipple's Annual Reports of Causes of Fires in St. Louis:

Year.	Fires Caused by Gasoline Stoves.	Fires Caused by Gas Stoves.
1891	65	0
1892	78	2
1893	82	3
1894	87	1
1895	78	1
1896	119	1
1897	121	4
	630	12

OVER 25,000 GAS STOVES ARE IN USE IN ST. LOUIS.
